Attending this meeting were 15 persons, consisting of [redacted] (spelling is phonetic), [redacted] JOHN WALLACE, JOE FURHY, [redacted] regular attenders. There was a new man at the meeting who [redacted] across the street from the Chicago Headquarters. His name was not learned. He stands roughly six feet in height, weighs about 200 pounds, [redacted] rather round heavy face, dark complected, black hair, slightly on the bushy side combed back, and wore a black leather jacket. He did not have any noticeable scars or distinguishing impairments. In addition to the above he appeared to be a person with an oily complexion. [redacted]

[redacted] During the meeting there was a discussion of the television set they have for the use of the full time staff not working properly and this person volunteered to see if he could fix it. He stated that he was not an expert but that he did do some work of that kind more as a hobby than anything else. In addition to these men [redacted] was also there and from the full time staff of the Chicago Headquarters was [redacted]

[redacted] There were also three men from National Headquarters in Arlington, Virginia. These were [redacted] and two men whose names were understood to be [redacted] The man known as [redacted] is about five feet seven inches tall, weighs about 160 pounds, slightly heavy though solid, dark complected, black curly hair, no noted distinguishing marks or impairments, and he speaks with a decided southern accent. The man known as [redacted] stands about five feet eight inches in height, weighs about 150 pounds, compactly built, thin angular face, thin or well groomed dark brown hair, combed straight back, neat in appearance, soft spoken, pleasant southern accent. The exact positions and duties of these men were not determined at the time. Also present was a man known as [redacted] (spelling is phonetic) who appears to be in his [redacted]

[redacted] stands about five feet nine inches in height, is rather [redacted] weighs about 180 pounds, light complected, rather thin dark blond hair. His distinguishing feature is his face. He is slightly thick jowled, thin straight nose, small mouth, close set piercing eyes. His face is set and he seldom smiles. He claims to have been a [redacted] at Northwestern University, subject and campus not determined.

General purpose of the meeting was for [redacted] to turn the Chicago Headquarters over to [redacted] and a general discussion of finances and a speech that was to have been given by Commander ROCKWELL at the Evanston Campus of Northwestern University, but which had been cancelled.

The meeting brought out information to the effect that the telephone bill of forty-some dollars had to be paid by 8 February 1963, or phone service would be discontinued. A light bill was also to be paid and there was a discussion of the rent. The impression was given that there was some difficulty with the attorney for the landlord of the property. A check in the amount of \$125.00 had been given him, which he had accepted merely as a matter of formality, as it appeared that he was trying to evict the American Nazi Party from their quarters at [redacted] Chicago, Illinois. b6 b7C

A large red piggy bank was broken into, this having been set up for emergency use only. It was found to contain about \$6.00 and a collection of those present was made which augmented this amount by some ten to fifteen dollars. The major contributor to this was [redacted]

[redacted] whose ears were still heavily bandaged as a result of a severe case of frostbite, discussed a cancelled speech that was to have been given by Commander ROCKWELL at Northwestern University, Evanston Campus, Evanston, Illinois and also read from one or two newspaper articles concerning this. According to information given by [redacted] the Commander had been given permission to make the speech and then when word of this got out extreme pressure was brought to bare on university officials by certain groups, in particular the Jewish War Veterans, which forced the cancellation of the speech by university officials. There was a rather strong appearing reaction to this action by certain members of the student body of Northwestern University and their reaction seemed to be that while they did not agree in any of the principles or teachings of Commander ROCKWELL, that he did have the right to free speech and that in order for them to better understand the man and the American Nazi Party the speech should have been permitted. b6 b7C

[redacted] advised that the resultant publicity and newspaper attention brought on by what he referred to as "these liberals", was of far greater value to the Party as far as getting the Party mentioned in newspapers, on news broadcasts and therefore to the attention of thousands of people than that which would have been gained had the speech been allowed and only a few hundred persons known of it. This is a rather positive-negative approach which they seemed to have adopted wherein even an occurrence which might be generally regarded as a reverse has its advantageous side from the standpoint of publicity. [redacted] expressed himself on this matter in the following general manner: "Don't sell these liberals short. They may be a bunch of pantywaists and sissies, but they are the ones that will get us what we want. They are the ones that are always for the underdog, even if they don't like

him and everyt/ME something like this happens they are the ones that stand up and defend us and yell about our right to freedom of speech being violated. Although they are a bunch of creeps don't sell them short because they are the ones that will eventually put us into power."

During the course of the meeting [redacted] turned [redacted] of the Chicago Headquarters over to [redacted] [redacted] advised that he was somewhat surprised by this turn of events. He advised that he had been sent down from Arlington by the Commander to assist [redacted] some two or three weeks before. In the meantime however the Commander had decided that he required [redacted] in Arlington immediately and that since [redacted] was in Chicago he should [redacted] for a short time. The general reason given for [redacted] being recalled to Arlington was that the Commander urgently needed his administrative ability and experience and also wished to give [redacted] some additional advance training. [redacted] also advised that those in Arlington did not realize how difficult a time the Chicago Office was having until they received word of several arrests of members of the Chicago Headquarters while on a picket and other general harassments that members of the Chicago Headquarters had been subjected to.

The remainder of the meeting, about one hour and forty-five minutes was spent with [redacted] discussing his striking Reverend KING and general conditions in Arlington, Virginia. The meeting ended at about [redacted] hours).

ROCKWELL was in charge of the meeting. He started off by announcing that [redacted] and [redacted] were being transferred to the Arlington Headquarters of the ANP and that he had appointed [redacted] the Chicago Branch.

ROCKWELL then reviewed events of the past year and talked to a limited extent of future plans. He stated that he now has a printing press at the Arlington Headquarters and that sales of his book are going well. He also said he has found a publisher to

print the book and that sales should pick up even further. He stated he is also coming out with a phonograph record of himself speaking amid dubbed-in insults attributed to Jews.

He then announced that his speech on the campus at Northwestern University had been cancelled by the school authorities and that the students who had invited him were quite disturbed about it. He stated he had learned that the dean concerned had received calls from the Jewish War Veterans who put pressure on him to cancel it. He then added that the FBI is the only force which is keeping the Communists out of power - that the FBI stands between the Communists and the Justice Department.

He also announced that he plans to make a trip abroad next summer to attend a similar gathering as the convention held last August in England. He then told of ANP activities in other areas of the United States, mentioning the names of members presently in jail and activities in Los Angeles, Houston, Miami and Boston. He mentioned that he has been blasted by other right wing outfits in this country and is being sued by [redacted] [redacted] for saying that [redacted] is an agent of Moscow. He stated that such actions are based on jealousy, b6 b7C

ROCKWELL then gave a resume of the state of the Chicago Branch of the ANP, dwelling on the bad state of finances. He stated it takes about \$500.00 a month to keep the Chicago group operating.

At the conclusion, the hat was passed and an apparently sizable amount received.

GEORGE LINCOLN ROCKWELL, Commander, American Nazi Party, arrived Chicago, Illinois, from Arlington, Virginia, on Saturday, January 26, 1963, via Delta Airlines. He was met at O'Hare Airport by a group of the Chicago organization and following their departure from O'Hare field they attended a reception held in ROCKWELL's honor at the Chicago headquarters.

Detective [redacted] stated that during ROCKWELL's visit in Chicago he stayed at the Lincoln Hotel, 1800 North Lincoln Avenue, Chicago, Illinois.

Detective [redacted] remarked that on January 29, 1963, ROCKWELL appeared at the Security Unit Office, Chicago Police Department, and through interview the following was determined:

ROCKWELL explained that he claimed he came to Chicago, at this time, for several reasons. Foremost of which was to attempt to correct internal affairs within the Chicago Branch, American Nazi Party (ANP). ROCKWELL noted that numerous charges have been placed against [redacted] of the Chicago unit. ROCKWELL was of the opinion that there is a concerted effort within the Chicago membership to [redacted] from [redacted]. He indicated that it was his belief that this discord is gathered by [redacted]. ROCKWELL characterized [redacted] "and one whom he does not feel he can trust. ROCKWELL stated that he feels for some reason that [redacted]

and as a result too much talking. ROCKWELL stated that if all the charges or most of the charges against [redacted] are substantiated, he would reassign [redacted] to the Arlington unit for further training in the handling of men. ROCKWELL described [redacted] as a likeable person but one obviously too soft for the job.

ROCKWELL noted for Detective [redacted] that he has issued explicit instructions that the ANP will cooperate with all levels of law enforcement, and he mentioned, specifically, the city police departments as well as the FBI. ROCKWELL stated that police officers may search the premises of party headquarters without warrants at any time. He charged that any person, within the membership, who denies such cooperation to police authorities will be immediately dropped from membership. In this connection ROCKWELL noted that he has "a definite reason" for demanding such cooperation. He noted that a time may come when one of the membership will be on trial for a violation of some law and ROCKWELL may feel, at the time, that by proving his cooperation with the police authorities, such will be a definite benefit on the outcome of the court proceedings. ROCKWELL noted that it may even be necessary to have law enforcement officers subpoenaed to testify to the fact that cooperation has been extended, and that the ANP has not been operating as a secret organization.

CG 157-3

Detective [] stated that he learned that MAYNARD O. NELSON, known as MAX NELSON, has been in contact with the Chicago Branch, ANP, and may have applied for membership in that organization. Another individual, one [] who is also known as [] is reportedly an associate member who does not attend meetings, but who has given materially to the organization, in the past. Only recently he offered the Chicago group a small printing press, electrically operated, which it is said will turn out some one-thousand copies per hour.

b6
b7C

ROCKWELL stated that his earlier intention to supply the Chicago unit with his old printing press at Arlington has been "held back" until such time that it is known that the Chicago organization will not have to move from their current quarters. In this connection ROCKWELL noted action has been taken by "enemy forces" to rezone the area wherein ANP headquarters is located in an attempt to force them to vacate the premises.

Detective [] remarked that, during the course of his discussion with ROCKWELL concerning various individuals associated with the ANP, the following information was developed:

[] who had applied for membership who did not complete his application, was denounced because he is considered to be []

[] a former member of the Chicago ANP, periodically contacts [] in an effort to start a new Nazi movement. So far he has been completely unsuccessful.

b6
b7C

[] the new arrival in Chicago, apparently is in line for the top spot in the local organization if he desires to stay in Chicago.

He appears to be well trained in ROCKWELL's tactics, Detective [] stated.

CG 157-3

[] is another recent arrival from national headquarters at Arlington, Virginia. [] has admitted former membership in the Communist Party (CP) for a period of approximately fourteen months on the West Coast. He has suggested to ROCKWELL that he be allowed to join some local Communist movement to enable him to submit regular reports concerning the Communist activities in the Chicago area.

b6
b7C

Detective [] stated that ROCKWELL made known that intention to [] a member formerly associated with National Headquarters at Arlington, who is now assigned to the Chicago unit.

The above is submitted for the information of this and disseminated files.

Commander ROCKWELL spoke of the purchase of a new printing press and of the old press which one day it is contemplated will be transferred to the Chicago headquarters.

ROCKWELL mentioned a contemplated phonograph record containing various speeches he has given. Details regarding date as to publication, identity of publisher, etc. were not

made known. He also advised that another printing of his book, "This Time the World" was to be undertaken, and it was anticipated they will realize a good profit from this printing.

During the course of discussion, Commander ROCKWELL made reference to JOE FUHRY and KEN FLECK as "old and trusted" members of the ANP. It seems apparent that the Commander regards FLECK and FUHRY highly.

It was also learned at this meeting that henceforth the Chicago Branch of the ANP will be known as the Midwest Division, ANP.

During the course of the evening it was learned that [REDACTED] contributed \$5 to the organization. It was understood that the \$5 was to apply to food, although it was not certain.

NOTE: This interview was Xeroxed due to the length of interview.

CG 157-3

[REDACTED]

"This is the current line, your tie line to what's going on. Every free society must tolerate its lunatic fringe, either liberal or conservative. However, within that fringe there exists an element of vermin dedicated to decay - and left unattended the ugly (unintelligible) of decadence would enlarge and expand.

b6
b7C

"Consider for a moment the American Nazi Party. The year is 1963 and yet Mein Kampf is still the Bible; ADOLPH HITLER still the inspirational leader. This organization is undoubtedly supported by subscribers. Its national Commander is GEORGE LINCOLN ROCKWELL. Its local attendant is [REDACTED] and although you won't find them listed in the telephone directory, their Chicago headquarters is located on Damen Avenue."

"Current" Reporter [REDACTED] asked [REDACTED] about the history of the American Nazi Party.

[REDACTED]

"Well, the American Nazi Party was formed in December, 1958, by Commander LINCOLN ROCKWELL. It came following all of his experiences of a lifetime and following his viewing of the current situation in the United States, the steady decline of our national prestige, the growth of integration - the integration movement. Evidence that there was communist treason in our midst and he found that all the other supposedly right wing organizations were doing nothing effective to combat it. They were going around in circles for a period of 40 years and he determined to organize a movement that could effectively oppose communism and race mixing."

[REDACTED]

b6
b7C

"What is the relationship of the American Nazi Party to extreme right movements such as the John Birch Society?"

CG 157-3

[REDACTED]

b6
b7C

"Well, we're happy to see the growth and appearance of all these various groups. We differ considerably in our approach and in our methods. We believe that the American people have to be shocked to overcome the apathy that is largely current in our society today and we believe that the use of the Swastika does this. Now this is greatly misunderstood in certain quarters. Actually the Swastika is an ancient symbol of the white man and today it's becoming the symbol of the white man's fight for survival."

[REDACTED]

"Do you think the white man is fighting for his survival?"

[REDACTED]

b6
b7C

"Very definitely. There has developed, particularly since the Second World War, a movement that has been pushing integration - forced race mixing - forced associations which is completely an artificial movement. It's not desired by the overwhelming majority of either blacks or whites and we believe it's time that someone took up the fight to preserve racial separation."

[REDACTED]

"Do you think that Negroes or people who are non-whites should occupy an inferior position?"

b6
b7C

[REDACTED]

"No, we don't favor either integration or segretation as an alternative. What we believe in is complete racial separation."

CG 157-3

[redacted]
"You would agree then with the black Muslims?"

b6
b7C

[redacted]
"On the question of racial separation. In a racially separated society you'd have equal opportunity for both races to fulfill themselves to their limits. In other words black people would have an opportunity over in Africa to perform all the functions of society. To have jobs, to have full opportunity. This the Negro will never achieve in America. The efforts to force mixing of the races can only lead to further friction and racial clashes."

[redacted]
"What sort of fellows belong to this movement here? How large is the movement here in Chicago and from where do you draw your strength? Are they college students, professional people, clerical help, what are they?"

b6
b7C

[redacted]
"Well, of course you have all these groups represented in the Party. By ^{and} enlarge they are young persons. I would say they range between 18 and 35. As far as membership in the local area I won't give any definite figure at this time. It does go into the three figure mark. One thing we emphasize, quality rather than quantity in our membership."

[redacted]
"What do you do in private life for example, [redacted]

[redacted]
"Well, I am a full time Party worker."

CG 157-3

[redacted]

"You support yourself here working for the Party then?"

[redacted]

"That's correct."

b6
b7C

[redacted]

"Are you salaried by the national organization?"

[redacted]

"Well, there is no salary. We just, we have no big angels - any rich following and we get by the best we can."

[redacted]

"How high is the percentage of student participation in the movement? Are most of the fellows college students?"

[redacted]

"I would say approximately one third."

b6
b7C

[redacted]

[redacted] what is your attitude toward the Attorney General of the United States?"

CG 157-3

[REDACTED]

"Well, the Attorney General of course is entitled to his personal opinions. He has stated I believe that we are not a subversive organization. We neither believe in the forcible overthrow of the United States Government nor do we - nor are we agents for a foreign power such as the Communist Party."

[REDACTED]

b6
b7C

"What is your attitude toward ADOLPH HITLER and his works? I should point out here that you and I are speaking in your meeting hall which is decorated with the Swastika, with the German Eagle and with a large picture of ADOLPH HITLER. What is your attitude toward him?"

[REDACTED]

"Well, we as Nazis consider ADOLPH HITLER our spiritual or philosophical leader, as the one original having laid down the national socialist world view and our whole outlook is based on his teachings in Mein Kampf."

[REDACTED]

"What do you think of his activities and the activities of those under him toward individuals who were so-called non-Aryans? I refer not only to Jews but to Russians, Poles, Gypsies, etc."

b6
b7C

[REDACTED]

"We recognize the similarities as far as his approach to the Jewish problem. Unfortunately, there is one area where we - where national socialism in the 1960's differs from the national socialism or Nazism of the 1920's or 1930's."

CG 157-3

[REDACTED]

"What would that be?"

[REDACTED]

"Well, we are not German chauvinists. We believe in cooperation among all white people and we believe in some kind of world-wide unity, based on the fact that we are all white men and a part of a common Western society."

b6
b7C

[REDACTED]

"What do you think of HITLER's treatment of the Jews? Do you consider the Jews whites?"

[REDACTED]

"Well, what HITLER was basically dealing with was a question of treason and subversion and of course this is a problem. The problem of Jew-communist subversion is a problem faced by all Western governments and nations in the world today and is something that we will have to deal with. Our Party program openly states that we shall investigate, try and execute all Jews proved to have taken part in either the Marxist or Zionist plots of treason against our nation or humanity, and not only do we intend to act when we are in a legal position to do so against Jewish persons convicted of treason, but also those gentiles who may have cooperated with them in acts of treason against their governments or people."

b6
b7C

[REDACTED]

"Does action equal execution in this instance?"

[REDACTED]

"As far - if they are convicted by good, old fashioned

CG 157-3

American juries of treason, the death penalty will undoubtedly be called for."

[REDACTED]

"Well, do you maintain that communist subversion is especially a Jewish manifestation?"

b6
b7C

[REDACTED]

"Yes, the communists from MARX to - all the way on down to SOBLEN, have been overwhelming in the hands of Jews. KARL MARX and FREDERICK ENGELS were Jews. Those who carried out on through the early part of the 19th Century were largely Jews. Of course, there were some gentiles associated with them. Those who organized and carried out the Russian Revolution were again overwhelming of Jewish backgrounds. How this is a fact that I - neither I nor the American Nazi Party or any Nazi movement created - these are facts in themselves - and we simply recognize them"

"Of course, these individuals you've referred to were largely the victims of Jew-communist brainwashing through the various public media. The Commander has stated that he believes that this time the overwhelming majority of white Americans support the problem of the American Nazi Party but they simply do not recognize what that program is and as a result they think then they are anti-Nazi, when actually in basic sentiment they are Nazis."

"The BILL FOSTER Story" by MATT KOEHL.

EXCERPT:

On the afternoon of 2/10/59, BILL was bringing his aged father home from the doctor. For a month the elder FOSTER had been under close doctor care following a serious cancer operation. A few minutes after coming home FBI agents, who had been lying in wait, pounded on the door.

When BILL went to see who was making all the noise, he confronted two sorry-looking characters who refused to identify themselves. It was later revealed that they were Agents WILLIAM JOHNSON and THOMAS WALSH, the latter a Negroidal creature. The ostensible reason for their visit was to ask BILL if he knew who blew up the Atlanta synagogue. This was a complete shame.

BILL asked to see their warrant. They had none.

About 7:30 that evening the pair returned. Afraid to face BILL and his aging parents by themselves they brought along some reinforcements. Seven cars pulled up and 24 brave FBI men poured out. Armed with sawed-off shotguns, they were now ready to face one unarmed patriot.

Unaware that he had committed any crime, BILL was returning home about the same time that the swarm of agents arrived. As he approached the house, he saw eight or ten of the federal thugs brow-beating his helpless father. They told him that if he didn't open the door,

105-3527

they would tear it down. When the old gentleman continued to refuse admittance unless they showed identification and a search warrant, they replied by breaking into the enclosed porch.

BILL came up and asked what kind of foolishness was coming off. He told the intruders that if they had a warrant he would not try to interfere, but warned the agents to leave his elderly mother and father alone. Barely had he said that when six of the thugs grabbed and handcuffed him. One of them, the mulatto WALSH, then broke into the living room announcing pompously that he was going to search the house. FOSTER's parents who are nearly eighty, were rudely shoved out of the doorway with a sawed-off shotgun. The elder Mr FOSTER protested that WALSH didn't have a search warrant. The FBI creature glared at the old couple and told that he didn't need one. He then rammed the muzzle of this sawed-off shotgun into their faces and ran them out of their living room.

When question the FBI Agent claimed they were looking for a "rifle". As part of the search pretext, the vandals maliciously lifted his automobile and let it drop the very next second breaking both back springs of the vehicle.

FBI perjurers accused FOSTER of aiming a .22 rifle at them, despite the fact that he doesn't even own one.

U.S. Senator SPENCER L. HOLLAND (Dem.-Fla) condemned the action of the FBI in raiding the FOSTER home.

UNITED STATES DEPARTMENT OF JUSTICE

FEDERAL BUREAU OF INVESTIGATION

Richmond, Virginia

January 21, 1964

RE: AMERICAN NAZI PARTY

On January 17, 1964, a source who has furnished reliable information in the past, advised as follows:

On about January 4, 1964, former American Nazi Party (ANP) members [redacted] submitted a "Petition for the Redress of Grievances" to George Lincoln Rockwell, self-styled National ANP Commander. This petition was dated January 1, 1964, and listed specific "grievances" which it was desired that Rockwell listen to and adopt as a means of helping the ANP, which, according to the source, has accomplished little during its more than five years of existence.

b6
b7C

The source explained that he has been an active member of the ANP and has supported Rockwell; however, he is definitely against the "dictatorial" policy of Rockwell, wherein he acts as sole master and director of the Party without consulting, or listening to, the wishes or desires of any of the other officers or members of the Party. He noted, for instance, that [redacted] is the only ANP member now active who was with Rockwell when the ANP was formed; that [redacted] has supported and fought for Rockwell over the years in any manner possible; and that Rockwell has not consulted [redacted] in his decisions, nor has he listened to [redacted] in any suggestions he has made for the betterment of the Party. However, [redacted] who still believes in the tenets of National Socialism, but not in its brutality as practiced by the Nazis in Germany, felt constrained to sign the above-mentioned "petition" as a possible means of "bringing Rockwell to his senses" and thereby saving the ANP. However, at the regular ANP meeting on January 12, 1964, [redacted] and another loyal Party member, namely, [redacted] of the ANP in Chicago, Illinois, were dismissed from the Party because of their activity in signing the "petition" in question.

RE: AMERICAN NAZI PARTY

It is a definite possibility that [] the [] of the property at [] Arlington, Virginia, which is used as the National Headquarters of the ANP, and who also signed the "petition" will force Rockwell to vacate this building. [] feels strongly that Rockwell has been too dictatorial and that he has treated former ANP [] badly, in that he reported to government authorities that [] was a possible security risk. Rockwell has asked [] for a three year lease on the property, but [] has refused this request and is allowing Rockwell to rent the premises on a month-to-month basis. Formerly, Rockwell was allowed to use the building free of charge, but for the last few months, [] has made him pay rental for its use. It is not known how long this arrangement will continue, since [] has been offered a large sum of money for the property by a concern, which is trying to purchase the entire block where the property is located for the construction of a "high-rise" apartment building.

b6
b7C

On Sunday night, January 12, 1964, []

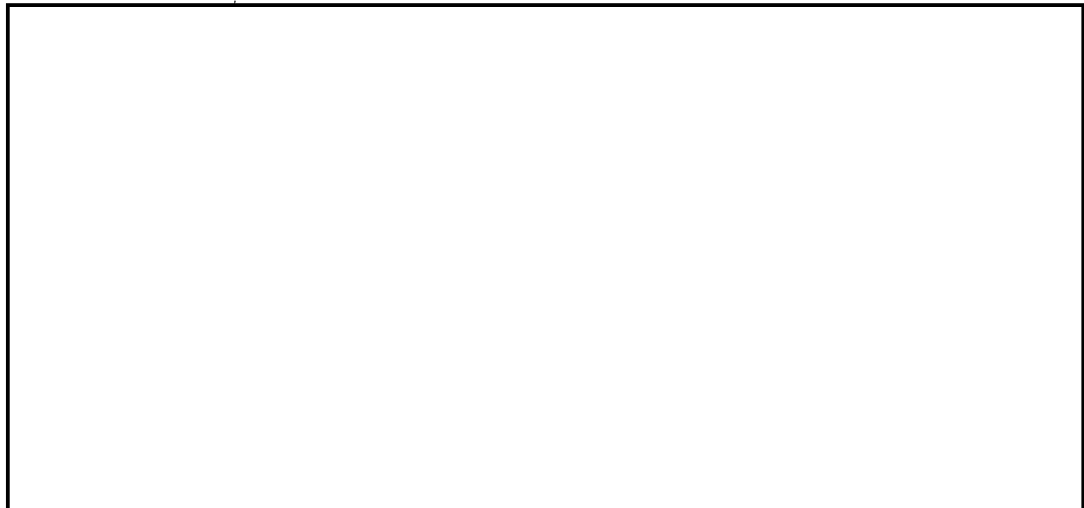

[] and [] met at the home of [] in Alexandria, Virginia, for the purpose of forming a new party. It is contemplated that this new party will be known as the "White Man's Party", or a similar name; that it will pronounce the tenets of National Socialism without use of the "Nazi name" or the "Swastika"; that it will be incorporated as a party to "fight for the rights of the white man"; and that its headquarters will be at an undecided location in Washington, D.C. At this point, it is contemplated that [] will be the [] of the new party and that it will be ruled by a board of directors. Additional meetings will be held in order to formulate specific plans for the new party.

b6
b7C

[] initially was affiliated with the former ANP members who left the Party because of Rockwell's dictatorial policies; however, [] has now returned to the ANP. Rockwell mentioned in a recent issue of the ANP "Confidential Newsletter", an official publication of the ANP, that [] had given him "unblinding loyalty" throughout the years; however, [] recently stated that he did not have "unblinding loyalty" to anyone - "not to his wife, children or even to Jesus Christ".

RE: AMERICAN NAZI PARTY

The ANP members now known to be loyal to Rockwell were identified as follows:

b6
b7C

The finances of the ANP are at a low ebb at the present time. During the year of 1962, according to former [redacted]

[redacted] the ANP received approximately \$20,000.00 in contributions. The contributions during 1963 were close to this amount; however, since the assassination of President Kennedy, receipts have dwindled to almost nothing. It is felt that support given the ANP in the way of monetary contributions, has dwindled because of Rockwell's activities, in that he has used much of the money for his own use and has not accounted for the money to the Party as a whole. For instance, Rockwell does not seem to have any long range program and has used the money received "on spur of the moment" ideas he might have had without consulting any of the other officers. Rockwell has also used this money for making alimony payments to his [redacted] when, in fact, this is a personal obligation and not one which the Party should assume.

b6
b7C

Over the years, many people who are interested in "the rights of the white man" have indicated that they would be willing to make contributions to the ANP if it were not headed by Rockwell and if the name "Nazi" were not associated with the party. These persons have not liked use of the "swastika" by the Party or its position of emulating Adolph Hitler; however, they have agreed wholeheartedly with the Party's fight for the "white man". Therefore, it is felt that the new party, which will be primarily a party to uphold the white race, will attract these people and will be supported by them without any reservations.

RE: AMERICAN NAZI PARTY

On January 14, 1964, a second source who has also furnished reliable information in the past, provided a copy of the January 12, 1964, ANP "Attendance Record". This record shows that the individuals mentioned above by the first source as being loyal to Rockwell were present at the ANP meeting at the "Barracks" on January 12, 1964. [redacted] was promoted from [redacted] and [redacted] was promoted from [redacted] [redacted] were dismissed from the Party at the January 12, 1964, meeting, and [redacted] resigned from the Party on January 8, 1964.

b6
b7C

In Addition, the source furnished a leaflet provided by Rockwell, containing the "Program of the World Union of National Socialists", the "National Socialist World View" and the "American Program". A copy of this leaflet is attached.

A characterization of the ANP is also attached.

APPENDIX

AMERICAN NAZI PARTY
OF THE WORLD UNION OF
FREE ENTERPRISE NATIONAL
SOCIALISTS, ALSO KNOWN AS THE
GEORGE LINCOLN ROCKWELL PARTY

In his book "This Time the World", copyrighted in 1961, George Lincoln Rockwell identified himself as Commander, American Nazi Party of the World Union of Free Enterprise National Socialists (ANP - WUFENS), Arlington, Virginia.

The April 4, 1963 issue of "The Richmond News Leader", a Richmond, Virginia, daily newspaper, reported that George Lincoln Rockwell had, on the previous day, again applied for the American Nazi Party to be chartered in the State of Virginia, but this request was turned down by the Virginia State Corporation Commission. This action was taken pursuant to an act of the 1962 Virginia Assembly which prohibits the use of "Nazi" or "National Socialism" in a Virginia charter. This article further pointed out that Rockwell's party is presently chartered in the State of Virginia as the George Lincoln Rockwell Party.

On August 19, 1963, a source advised that the ANP - WUFENS was organized by George Lincoln Rockwell at his residence in Arlington, Virginia on February 26, 1959 as an international "National Socialist" movement based on the German Nazi Party headed by Adolf Hitler. He added that Rockwell is the dominant force and personality in this party; that he is espousing a "line" of hatred against the Jews and Negroes; and that he is seeking, through speeches, distribution of literature, and picketing, to establish a cohesive and dominant political party in the United States and in foreign countries.

On December 13, 1963, this source advised that in about September, 1960, the ANP initiated the Fighting American Nationalists (FAN) as a front group for the ANP although it has never been a separate organization. The source said the FAN name is merely used on occasion instead of the ANP name and there are no separate officials for FAN, the FAN officials being identical with the ANP officials. He stated that George

Lincoln Rockwell has informed him the FAN name was originally used as a device to attract supporters to his organization who might rebel at the use of the swastika and at being labeled as a Nazi.

He added that the ANP has operated under the FAN name throughout the country with the exception of a group operating under the FAN name in Baltimore, Maryland. He said the FAN group in Baltimore is now, and always has been, a separate organization and not a part of the ANP.

On October 3, 1963, [redacted] the admitted [redacted] of the FAN group in Baltimore, Maryland, advised that the Baltimore FAN, which was organized in the spring of 1961, has no official connection with the ANP although until December, 1962, it received all its literature from George Lincoln Rockwell's ANP.

According to the "Stormtrooper's Manual", an official publication of the ANP, the phases of ANP struggle for power are fourfold, namely, first "to make ourselves known to the masses"; second, "the dissemination of our program and the truth about the Party"; third, "organizing the people who have been converted to our propaganda" and fourth, "that attainment of power through the votes of the newly-won masses".

PROGRAM

of the World Union of National Socialists

In less than 100 years, Marxism has grown from a Machiavellian scheme in the twisted minds of Marx, Engels and a few other Jews, until today it is a scientific, terroristic monster astride the backs of half the earth's population, with powerful, slimy tentacles reaching secretly into the lives of all the rest of the people.

By the use of incredibly clever lies, diabolically calculated to appeal to the noblest emotions of humanity, and by the enshrinement of its devilish doctrines as a RELIGION which is supplanting the falling powers of the older, genuine religions, Marxism has raced to the point where only a major miracle can halt its rapid and inevitable triumph over the entire planet.

No laws, no present organization, no government in existence, and no ordinary doctrine can stay the historical march of this evil giant. It should be obvious that the "democracies", rotted to the core with corruption, weakness and Jewish manipulations, have been the very breeding ground of Marxism, and it is ridiculous to pretend that these very forces which could not prevent the growth of the red monster, which actually fostered and nurtured it, can now destroy it.

Marxism is actually a new RELIGION — the cleverly disguised, scientific worship of self — the religion of naked egotism which presumes to conquer Nature. Only an OPPOSITE doctrine, a doctrine of selflessness and idealism based on scientific TRUTH, advanced and held with the same religious fanaticism as Marxism, can inspire men with the miraculous powers to reverse the world revolution of evil, which has almost passed into history as an accomplished FACT.

The only doctrine capable of such a heroic task — the only doctrine with the proven power to fire the minds and hearts of millions of men

to fight and CONQUER Jewish Bolshevism, is *National Socialism* — the doctrine of IDEALISM — the SACRIFICE of the selfish, ingrown EGO for the good of one's fellows — the stuff of all great religions. With such mighty inspiration, tiny Davids have ever conquered their Goliaths, as we shall ours.

Unless the White Man can throw off years of Jewish brain-washing, muster the courage to face up to the nightmarish lateness of the situation, and organize himself into an effective, unified world organization to FIGHT for his ideals and against the Jew and his horrible Marxism, the White Man will soon sink forever in a brown chaos of degradation, slavery and eventual death. For, while it is mathematically certain that, except for a miracle, the Jews will soon conquer the earth with their Marxism, subversion and Zionist imperialism, their victory will be their last act on earth. Like the eternal parasites they are, the Jews will soon perish in the eaten-out corpse of their dead host.

Therefore, we announce our purpose to be nothing less than a world-wide effort to free humanity from Jewish domination and subversion in all their forms, and the creation of the idealistic, racially realistic, socially progressive, international world ORDER which we *must* have, if we are to remain masters of our own planet.

To this world-wide goal, we solemnly pledge our lives.

Lincoln Rockwell

LINCOLN ROCKWELL, Commander
American Nazi Party
World Union of National Socialists
928 N. Randolph St. Arlington, Va.

National Socialist World View

I WE BELIEVE that an honest man can never be happy in a naked scramble for material gain and comfort, without any goal which he believes is greater than himself, and for which he is willing to sacrifice his own egotism. This goal was formerly provided by fundamentalist religions, but science and subversion have so weakened all traditional religions, and given man such an unwarranted, short-sighted conceit of his "power over Nature", that he has, in effect, become his own God. He is spiritually lost even if he will not yet admit it. We believe that the only realistic goal which can still lift man out of his present unhappy selfishness and into the radiance of self-sacrificing idealism, is the upward struggle of his race, the fight for the common good of his people.

II WE BELIEVE that society can function successfully and therefore happily, only as an ORGANISM: that all parts benefit when each part performs the function for which it is best suited to produce a unified, single-purposed WHOLE, which is then capable of out-performing any single part, the whole thus vastly increasing the powers of all cooperating parts, and the parts, therefore subordinating a part of their freedom to the whole; that the whole perishes and all parts therefore suffer whenever one part fails to perform its own function, usurps the function or interferes with the function of another part, or, like a cancer, devours all the nourishment and grows wildly and selfishly all out of proportion to its task — which latter is exactly the effect on society of the parasitic Jews and their Marxism.

III WE BELIEVE that man makes a genuine progress only when he approaches Nature humbly, and accepts and applies her eternal laws, instead of arrogantly assuming to ignore and conquer Nature, as do the Marxists, with their environmentalism, special laws of biological equality for humans only, and insane denial of the primitive and fundamental institution of private property.

IV WE BELIEVE that struggle is the vital element of all evolutionary progress and the very essence of life itself; that it is the only method whereby we have won and can maintain dominion over the other animals of the earth; that we must there-

fore welcome struggle as a means of testing and improving us, and that we must despise weaklings who run away from struggle. We believe that life itself is awarded by Nature only to those who fight for and win it, not to those who wish or beg for it as a "right".

V WE BELIEVE that no man is entitled to the services and products of the labor of his fellow men, unless he contributes at least an EQUAL amount of goods or services of his own production or invention. We believe that the contribution by a member of society of NOTHING ELSE but the tokens called "money" is a fraud upon his fellows, and does not extort a man capable of honest work of his responsibility to PRODUCE his share.

VI WE BELIEVE that it is to the advantage of society to see that every honest man has freedom and opportunity to achieve his maximum potentials by preserving his health, protecting him from unforeseeable and ruinous catastrophes, educating him to capacity in the areas of his abilities, and guarding him against economic and political exploitation.

VII WE BELIEVE that Adolf Hitler was the gift of an inscrutable Providence to a world on the brink of Jewish-Bolshevik catastrophe, and that only the blazing spirit of this heroic man can give us the strength and inspiration to rise, like the early Christians, from the depths of persecution and hatred, to bring the world a new birth of radiant idealism, realistic peace, international order, and social justice for all men.

These seven principles are the rock of our faith. With them, we shall move the world.

The political "party program" we adopt, based on these principles, can and will change as events and the facts change; as we discover better methods. But these seven principles are, for us, fundamental, absolute and timeless TRUTH. THEY WILL NOT CHANGE.

We bind ourselves permanently and without reservation to these ideals, and the battle to establish them as the only scientific and realistic basis for human society.

American Program

The Jewish Problem

We shall investigate, try, and execute all Jews proved to have taken part in Marxist or Zionist plots of treason against their Nations or humanity.

We shall immediately remove all disloyal Jews from positions where they can control non-Jewish thoughts or actions, particularly from the press, government, education, entertainment and courts.

We shall expose the criminal nature of the hate-book of the Jews, the Babylonian Talmud, by wide publication of its actual vicious words of hate and extermination of all non-Jews.

We shall cancel all debts owed to Jews by non-Jews, where there is evidence of unfair or immoral business methods or conspiracy.

We shall establish an International Jewish Control Authority to carry out the above measures on a world-wide basis, to protect the rare honest Jews from the wrath of the people newly awakened to the truth about the Jews, and to make a long-term, scientific study to determine if the Jewish virus is a matter of environment and can be eliminated by education and training, or if some other method must be developed to render Jews harmless to society.

We shall establish an International Treason Tribunal to investigate, try, and publicly hang, in front of the Capitol, all non-Jews who are convicted of having acted consciously as fronts for Jewish treason or subversion, or who have violated their oaths of office, or participated in any form of treason against their Nation or humanity.

The Negro

We shall appropriate ten billion dollars a year, for five years, from the money now being wasted fighting over integration, poured into foreign aid, and lost on Negro crime, and use the money to build a modern, industrial nation in Africa, complete with shopping centers, airlines, super-highways, cities and handsome suburbs, and everything else to make it the finest in the world; and then grant \$10,000 to every Negro family of five or more migrating to the new land to help them build a home and establish a business. We believe that if this is done with ABSOLUTE SINCERITY, we can make up to our sorely oppressed "second-class citizens" some of the injury and degradation we have heaped upon them, and help them to regain their self-respect and dignity as first-class citizens who will lead their own Continent out of its Darkness with their American know-how and our sincere and generous help. It is inconceivable that any significant number of Negroes will resist such an inspiring and historical opportunity. But no Negroes will be FORCED to return to Africa.

However, Negroes remaining in America will be rigidly segregated non-citizens.

White Survival

We shall establish a National Eugenics Commission, to discourage the unlimited breeding of the least desirable elements of our society, to sterilize those who are hopelessly insane or otherwise biologically dangerous to innocent, unborn children, and to encourage, with early marriage subsidies and bonuses for childbirth, the reproduction of our best human stock.

Citizenship

We shall make citizenship a proud privilege to be earned, not a right carelessly awarded simply by birth in a certain geographical area. To be a citizen, an individual must have passed his eighteenth birthday, passed certain minimum tests of knowledge and ability to understand his government, be in the process of education or engaged in a productive enterprise, and be prepared to give his life in the defense of his Country and race. The conferring of citizenship shall be a major ceremony, to impress on all the precious privilege of membership in the greatest race and the greatest Nation ever to appear on the planet.

World Order

We shall cause all peoples to throw off the yokes of colonial oppression, and establish their own free National Socialist governments.

We shall abolish the Marxist United Nations, and establish, in its stead, an organic Union of Free Enterprise National Socialist States, with a world police force to maintain order, and so bring the blessings of REAL peace, international responsibility and political sanity to the peoples of the earth.

Social Sanity

We shall enact laws to protect every honest, working citizen from unforeseeable and ruinous catastrophes of all kinds; to assure him of education and training to the top level of his capacity (but ONLY to that level); to assure him of vital medical and hospital facilities by providing medical coupons redeemable with any physician and redeemed by the Government; to protect him from "enjoyment" debt by insuring that every working man can earn enough to live decently without mortgaging his future to do it; to make easily available to all citizens major recreation facilities, such as vacation cruises, which give life zest and color, but which are presently dependent on wealth; to make all defense lawyers in criminal cases paid officers of the court, like the prosecutor, and not paid by the accused, to remove the weight of money from the processes of justice involving the life or liberty of a citizen; and to protect the people from political and economic exploitation by any individual or group.

Economics

We shall abolish the Federal Reserve Central Bank set up in violation of the Constitution, cancel all illegal debt resulting from the semi-private issuance of INTEREST-BEARING money instead of genuine National money, and issue all currency solely by the National Government, with no interest.

We shall establish a National Economic Integrity Commission to eliminate speculation, the immoral gambling by idle men in the labor of others, as a sole means of earning money. The commission will insure that no able man is permitted to enjoy a lion's share of the luxury, products and services created by the labor of others without contributing his own share of goods and services by his own management, invention or labor. The mere delivery of some of the tokens called "money", with absolutely no productive effort by a man enjoying the goods and services of society, is a fraud on society, degrades the character of such an idle individual, and destroys the honesty and strength of the society which permits it.

No one man or group will be permitted to profit from ownership of any public necessity which constitutes a monopoly. A monopoly shall be considered to exist whenever it would be impossible or impractical to have competition, and shall be owned only by the whole people.

We shall abolish the Marxist progressive income tax, and establish, in so far as possible, direct taxes on the users of schools, roads, etc., with a manufacturer's tax to finance the facilities needed by all the people.

Family, Home, School

We shall take vigorous measures to restore to women the dignity and status they deserve as the creators of our citizens, and to eliminate the terribly disruptive idea that being the mother of a family is a job for any ignorant female, that she is just a drudging "housewife", that a woman must do something MORE, something masculine, to prove she is "equal".

We shall elevate Family Management to the status of a genuine profession, which it should be, and establish Universities of Family Management to train women in a scientific and satisfying manner in pediatrics, gestation and birth, family economics, nutrition, family culture, philosophy and the arts, etc. Graduates will be granted degrees having the same status as Law or Medical degrees, and honored by every agency of the community for their accomplishment in the fields of their natural abilities and needs. We assert that a cultured, professional, thoroughly capable MOTHER is the equal of any man on earth, and will see to it that society recognizes that fact.

On the other hand, we shall eliminate from our civilization the disruptive doctrines of a false "equality" — meaning sameness with men — which is masculinizing and frustrating millions of our good women, breaking up our marriages, and wrecking our sacred family life. We shall encourage the restoration of the father as master of the home, grant subsidies where necessary to give the home and children a full-time mother, and promote in every way the rebuilding of the home and family as the very fountainhead of goodness in our people.

We shall put an end to the foolishness of "progressive education", and give our youth a disciplined ability to think and understand, rather than "social values" which they should get in the home. We shall establish a physical culture program with something more than sedentary games and half-hearted calisthenics, to harden and steel our youth to maximum physical fitness and exuberant health.

Business, Farm, Labor

We shall remove all possible controls from labor, the businessman and the farmer, and allow free enterprise and free bargaining to produce the efficiency unobtainable with any bureaucratic controls. We shall assist each group to form its own control councils, on a local basis, to maintain order and communication, and national industrial councils to establish policies of mutual benefit. The government will keep hands off all honest entrepreneurs, labor and farmers so long as they do not coerce one another, take unfair advantage, or threaten the whole people, when compulsory arbitration will take place.

As a temporary measure, to protect all honest producers during the necessarily chaotic conditions following removal of the present crazy patch-work of controls and subsidies, we shall guarantee all honest producers a decent level of family income, and genuine free enterprise can bring genuine and natural order to the economy.

Honest Free Press

We shall make it a penitentiary offense for any medium of public information or entertainment to CONSCIOUSLY MISLEAD THE PUBLIC by lies, misrepresentations, omissions, deletions, or by any other method whatsoever.

To insure the real freedom of the press, which is presently only a myth in view of the need for millions of dollars to reach any significant segment of the population today, we shall establish a National Free Opinion Network of Newspapers, TV, Radio, Books and Magazines. These facilities will be available, upon petition, to any group of 1,000 or more citizens, for decent presentation of their views to the nation without cost; subject, of course, to the penalties for conscious lying.

Crime, Vice

We shall deal ruthlessly and efficiently with habitual and natural criminals, and drive them permanently out of existence, instead of the present tearful dabbling with them as "lost sheep". At the same time, we recognize that millions of our best people are driven, under the impossible chaos of our times, into situations where there is almost no escape from the pressures except some illegal action. We shall remove the pressures from those oppressed people with the rest of this program, and take every measure to help these basically good people, and restore them to a productive role in the community.

We shall rescue most of the growing hordes of criminal teenagers by dealing with their need for aggression, action, danger and excitement realistically, by ending the nonsense of clubs and tea-parties, and forming them into para-military volunteer Police Youth Auxiliaries, to patrol America's crime-ridden streets, and turn would-be muggers, etc. over to regular authorities.

Since we recognize that it is utterly impossible to suppress entirely drinking and gambling in human society, we shall remove these two sources of much crime from the criminals, and establish a generous national lottery, and place the sale of alcoholic beverages under a control board. At the same time, we shall ruthlessly suppress all forms of vice, such as prostitution, dope addiction, homosexuality, etc., which are NOT universal and necessary, and which cannot be tolerated in any form without breeding disintegration and disease.

Government

We shall use only legal, constitutional means to win power in the United States, because we know the people will demand our services in government when they finally awake to the Jewish subversion of our people. Until then, we must train, and be prepared to establish an orderly government when the present false prosperity, false peace, false welfare, and false government blow sky-high under the blows of the Jews, as they surely will.

In power, we shall re-establish the actual function of the electoral college as intended by the wise founding Fathers of our Country to protect us from demagoguery, and we shall return the election of Senators to the State Legislatures.

We shall make the pay of all government employees directly dependent on their efficiency, apply modern business methods to government operation, and ruthlessly eliminate the hordes of bureaucratic parasites who make our present government the world's most wasteful, inefficient and extravagant.

We shall call a constitutional convention to draw up amendments and strike out others to enable all the above program, and to insure that never again can any subversive conspiracy bring this great Nation to the very brink of extinction.

On December 27, 1964 a meeting of the Chicago American Nazi Party (ANP) was held at the organization's headquarters at [redacted] Chicago, Illinois. The meeting commenced sometime before 8:45 PM and [redacted] [redacted] of the ANP visiting in Chicago, chaired the meeting.

Present at this meeting were:

[redacted]
JOHN WALLACE
[redacted]

KENNETH FLECK

An unknown man, [redacted] five feet nine to ten inches, glasses with frames which are dark on top and light on the bottom, dark brown hair partially curly, clean shaven, good dresser.
[redacted]

The unknown young man is the same individual who was present at a gathering of the Chicago organization on December 20, 1964.

[redacted] seemed quite impressed with the headquarters building and commented that it is the largest building in the entire organization. He, of course, recognizes

that there is still a lot to be done to bring the building into a decent state. It was announced that new Party membership cards would be issued for the year 1965.

b6
b7c

[] spoke of the recent happenings at the national headquarters in Arlington, Virginia. He stated that the organization plans to get a new press and if they succeed, may publish a newspaper instead of the "Stormtrooper" magazine. It is understood they would, however, retain the name "Stormtrooper" for this newspaper.

[] elaborated on the necessity of the Chicago organization rebuilding. He urged everyone present to assist

[] in getting the Chicago headquarters building in shape by Spring of 1965.

[] who have not been seen around the Chicago headquarters recently appeared at this meeting because [] was in town. It is understood that [] are working at a hot dog stand owned by [] which is located in the vicinity of Division Street and Western Avenue. [] was heard to comment that [] pizza place is now closed. It is understood that [] worked for him for a period and while in his employ learned that [] got in trouble with some hoodlums in Chicago. The trouble apparently developed over [] indebtedness for the jukebox and vending machine. When the trouble arose, [] advised [] to get out of town. Shortly thereafter, [] left town and two men who appeared to be hoodlums app

at the restaurant. Their appearance scared [] so as he told the story, he ate the remaining food in the place and left.

b6
b7c

It was learned that [] has recently been active in NSRP activity, however, it was not learned if such activity was in Chicago.

According to comments of [] things are going well at the national headquarters in Arlington, Virginia; however, as [] puts it they are operating now with the "usual winter skeleton crew". [] indicated that they expect things to pick up in the Spring. He did seem pleased that lately at Arlington the ANP have had no trouble with local police authorities.

In this regard, [] spoke out against the FBI. He said that no matter how ROCKWELL felt about the FBI and that they are "okay" in ROCKWELL's opinion, he, [] said he still regards them as "cops" and are always making trouble.

It is apparent that the Chicago organization has no particular plans at this time. Their main interests for the moment seem to be in getting their headquarters building in shape.

[redacted] indicated he was scheduled to leave Chicago the following day. He apparently was to return to Arlington, Virginia.

[redacted] is evidently living at home with his family. It was learned earlier that he had planned on moving into the headquarters building with [redacted] however, as of this time they have not done so.

Nothing of further consequence developed.

This meeting began at about 8:00 PM and the guest of honor for the evening was [redacted] who was taking a Christmas vacation to visit his family, and various friends in Illinois and Wisconsin. Because of his presence there was a rather large gathering at this meeting.

Those attending included [redacted] WALLACE, KEN FLECK and a [redacted] of his also known as [redacted]. In addition to these regulars were [redacted] and an unidentified friend of his, who is said to work as a [redacted]. This man is white male American, stands about 5'10" or 5'11" in height, is rather heavily built, weighing between 220 and 240 pounds, heavy thick round face, thin black hair combed back, high forehead, and no noted identifying marks or scars. Also present were [redacted]

b6
b7C

[redacted] told the group about the recent trip of the Commander throughout the U.S. and advised that it had seemed to meet with a great deal of success. He advised that the Commander was very well pleased by his reception throughout the whole thing, and that as it progressed there were a number of colleges not on the original schedule that extended invitations to him and were willing and able to meeting the minimum fee of \$175. This last is regarded as quite a good sign. For months, after he began speaking at colleges, he had been forced to make his own arrangements, and meet all of his own expenses. Now it has reached the point where he is able to ask that he be paid expenses and that this is being done.

There was some talk of the Commanders return visit to Canada, the one in which he wound up being just ahead of the police in returning to the United States. [redacted] stated that this was pretty comical and was of course subjected to a good deal of questioning as to how the Commander had been able to get back into Canada when his original speech there several weeks before had caused an uproar in the Canadian Parliament and had gotten front page headlines for nearly a whole week. [redacted] advised that he had entered Canada the second time at one of the regular border points and that he had done it in broad daylight. This also caused a good deal of questioning as to how he had done it, and what identification he had shown. [redacted] advised that he had shown

b6
b7C

no identification. There were of course, a good many questions thrown at him then from those that did not know him. The ones who know [] sat and waited. Finally looking like the proverbial cat that had just swallowed the canary, [] said, "He was disguised." Several more questions and comments, and someone finally said they wanted to know how he was disguised and [] answered "AS a Rabbi." After the laughter had finally died down, [] told the group that this was the absolute truth. He stated, "We have become very good at creating some rather authentic looking disguises, and the Commander decided that this would be the best one to get across that border. It was. He had a long black beard, the long black coat, the funny hat, and when he walked up to the guards at the border, he began waving his arms like he was getting ready to deliver a sermon or bless them, and they just waved him through. They didn't bother to ask for identification or anything else. We were parked a short distance away and watched the whole thing. It was all very easy, and very funny to watch. The Commander is a pretty good actor."

b6
b7C

[] finally explained to the group that the plumbers had found some more pipes in the walls that would have to be replaced and that these had been missed during the original inspection because of their location. He advised that the current estimate on this additional was something like \$400, but that he was going to try and get the price cut. The group advised that they certainly hoped that he could.

[] was asked what he was doing for himself lately. He advised that he had been working for [] hot dog stand in the vicinity of Division and Western Avenue. They both advised that they are doing a fair amount of business, and that the business is making a small profit, and that they have had no difficulty with the Puerto Rican kids in the neighborhood. [] stated that he found it rather surprising that they had less trouble with the Puerto Ricans than they did with either the white or colored, and that the Puerto Rican chase the colored out whenever they show up.

b6
b7C

[] advised that he had to be back in Arlington the following Tuesday. He was driving a car that he had gotten on a special travel arrangement where he was to deliver the car at a point in Virginia. He advised that there are organizations who engage in this business and that a person can travel clear across the country in one of these cars.

Both [] had to work on this particular evening, and WALLACE drove them from the building in his car. [] had a very warm farewell for both [] and WALLACE for whom he seems to have a liking and advised that he would like to see them both again in the near future.

Meeting began at about 8:00 PM. Those attending were [redacted]

[redacted] JOHN WALLACE and [redacted]

There was some talk of [redacted] coming into Chicago within the next few weeks time. Various members of the organization that know him are looking forward to meeting him again and renewing friendships. During the period of time that he has been back in Arlington, Virginia, since he was removed from command in Chicago, whatever ill feeling there was toward him has apparently disappeared. Most of his loudest declaimers, and critics are no longer associated with the party, having either given up their membership in a balze of light as [redacted] or just quietly left the scene as did [redacted] and the [redacted] brothers. WALLACE has at all times been one of the steady and strong defenders of [redacted]. He also steadily predicted that [redacted] would again become a member of the Commanders "Inner Circle," so to speak.

b6
b7C

[redacted] informed the group that there had been some difficulties developed in the work on the building being done by the plumbers. The exact nature of this difficulty is not known at this time, but [redacted] advised the group that the matter would be ironed out in the very near future and that as soon as more information was available he would pass it on.

[redacted] spoke to [redacted] about the C.P. front meeting that [redacted] and FUHRY had attended. [redacted] said that he and [redacted] had been questioned by the man that ran the meeting about [redacted] and FUHRY. The general line of questioning appeared to be directed at determining where [redacted] had met [redacted] and FUHRY, and how long they had known them. The story was that [redacted] father had known FUHRY and that it was through this association that FUHRY found out about the meeting. [redacted] had also cautioned [redacted] about handling themselves in regard to their association with the two groups. He had strongly advised that they take the strictest type of caution. [redacted] said that the man who had run the meeting - the man who operates the bookstore on East Chicago Avenue - had asked him if [redacted] and FUHRY had been drinking, any before the meeting.

b6
b7C

[] asked why this question was asked. [] said that the man told him that [] laughed somewhat louder than other persons there. [] informed him that if he had been paying attention [] would have noted that the only time that either he or FUHRY laughed was when the other persons there also laughed, and that they restrained their laughter. He also informed [] that he asked the speaker much more detailed questions than any other person there, with the possible exception of one. He also attempted to make another strong and definite point with [] regarding their personal conduct, considering their position. He and FUHRY had gone across the street to a tavern, after [] went up to the meeting hall. Both [] and FUHRY had one small bottle of beer and from there went directly to the meeting hall. [] then informed [] that it could have been a guess, the man could have been fishing for information, or they could actually have known where [] and FUHRY were. [] then left the building, and drove to Division and Ashland in Wallace's cab where they had coffee.

[] On the way back to Ohio Street to drop [] off, [] began talking about the idea of establishing a system of issuing press releases concerning Party activities to the various newspapers. He recalled that during the time that [] had been a member of the organization that he had done a good deal of this work and was quite good at it since that was also close to his regular salaried job. [] suggested that [] be the one to handle this operation and advised that he had a book that he would give [] containing a good deal of information regarding this work. [] said that he would be willing to work on a thing of that sort. It was agreed that the release would cover such things as: the arrival in Chicago of Commander ROCKWELL, any dinners that were to be given by the Party, any pickets or other operations conducted by the Party, or any contact of any sort with any of the newspapers of Chicago. It was also agreed that although these would be written by [] that they would be sent out over the signature of []

A meeting of the American Nazi Party was held at [redacted] Chicago, Illinois, on January 17, 1965. Attending this meeting were [redacted] JOE FURRY, KEN FLECK, [redacted] and JOHN WALLACE. WALLACE arrived somewhat late as usual.

[redacted] again mentioned the plumbing work on the building. He advised that it had been delayed because the plumbers had received a number of jobs requiring emergency or immediate attention brought on by weather, and that some of the work that they had been doing before starting on the Chicago Headquarters building was taking longer to complete than they had figured. [redacted] advised that he had been told that as soon as they could possibly make it, the plumbers would be in and complete the work.

b6
b7C

There was some talk of planned activities by the Headquarters group at Arlington, Virginia. [redacted] suggested that they get in touch with Arlington as soon as possible. He stated that he had read an article in the paper that stated that the Secret Service and the FBI were planning on giving special attention to the American Nazi Party during the Inauguration Day Ceremonies, on January 21, 1965, at Washington, D.C., due to a planned "stunt" that they had heard that the ANP was going to pull. WALLACE and several others expressed a good deal of curiosity about this stunt.

b6
b7C

WALLACE drove [redacted] FLECK, FURRY, [redacted] in his cab to Ashland and Division where they went to a small restaurant located at the southeast corner. WALLACE, KUH, and [redacted] have been going there at the close of Sunday meetings as a fairly regular Sunday night habit.

[redacted] made the call to Arlington for the group. Getting in touch with the Duty Officer he had some difficulty in reaching one of the senior officers of the Party. This is standard for the man answering the phone to show extreme caution unless he knows the caller, either personally, by name or reputation.

[redacted] finally got to talk to [redacted] The questions to be asked included some literature that was believed late in arriving, and which [redacted] advised was to be taken care of in the near future. [redacted] asked about the Commander being in Selma, Alabama. [redacted] advised that they had some big things planned for that town. He informed [redacted] that the Commander and a group, he did not say how many, had gone there and that they had literature to passout. He also advised that "they had a restaurant in Selma, where they were going to place a set of loud speakers and were going to play the Hateanny Records, so they could be heard all over main street". He did not state whether the restaurant operator was a member of the ANP, or any other white supremacy or segregation group or was sympathetic or if the restaurant operator knew what was going to happen. [redacted] turned the phone over to WALLACE who spoke to [redacted] for a few minutes about the activities planned in Selma and Washington. When [redacted] asked the [redacted] about any plans for the Inauguration Day Ceremonies, [redacted] had just laughed a little. WALLACE said that he had gotten the same response.

b6
b7C

Leaving the restaurant WALLACE dropped the group off at Headquarters and then drove [redacted] home, leaving him at about 10:00 PM or shortly after.

On Sunday evening, January 17, 1965, a meeting was held at 8:00 p.m. at headquarters of the American Nazi Party, [redacted] Chicago. Present were JOHN WALLACE, [redacted] KEN FLECK, JOE FUHRY. [redacted]

[redacted] had worked all day on the downstairs of the headquarters building and was then asleep. In his absence, WALLACE was in charge. [redacted] had previously gone to the post office and gotten the mail. Among items in the mail from the ANP Arlington headquarters was a new ANP membership card for JOE FUHRY, which WALLACE handed to him. During the evening FUHRY suggested that the monthly dinners which the ANP once held be reinstituted. WALLACE thought this was a good idea and asked FLECK to start looking around for a place to hold them, with the idea of holding the first one late in February or early March. The group later moved to a restaurant where [redacted] placed a telephone call to the Arlington Headquarters. He talked with [redacted] who told him that GEORGE LINCOLN ROCKWELL and other members at the Arlington Headquarters were leaving shortly for Selma, Alabama to demonstrate against MARTIN LUTHER KING. Planned, among other things, is the playing on amplifying equipment of "hotenanny" records at various places in town.

Nothing further of pertinence was discussed and the gathering broke up.

AMERICAN NAZI PARTY, CHICAGO, ILLINOIS, WEEK OF SEPT 26, 1965 - OCT 2, 1965

During the latter part of the week WALLACE again contacted [] and advised that he had been in error about the length of time that the Commander had spoken on his television broadcast.

b6
b7C

Instead of the two hours he had originally claimed it to be, it was only one hour.

He did advise, however, that during the preceding week the Commander had spoken for another hour on a television broadcast from Richmond, Virginia, and that this had also been paid time.

He advised that there was no mention as to where the money had come from to pay for this time.

He advised that he had been informed that the response to this broadcast was also very good and that the Headquarters in Arlington was more than pleased with the results. There had been no request for funds or donations to help with the campaign but evidently some money had been received and the Headquarters group was very well pleased.

WALLACE advised that this station had a much larger range than the preceding station had, and that it was therefore able to reach more people.

WALLACE had gotten his information from a telephone call to [] in Arlington and said that [] was more than happy, and that [] also claimed that the Commander now definitely plans to do a great deal of his future campaigning by means of live television broadcasts.

AMERICAN NAZI PARTY, CHICAGO, ILLINOIS. WEEK OF SEPT 19 1965 TO SEPT 25 1965

During the early part of this week JOHN WALLACE called
[REDACTED] place of employment.

b6
b7c

He advised him that during the preceding week, Commander ROCKWELL had appeared on television in Virginia. He advised that it was a small local station, but that the results had been very good.

According to the information from WALLACE, the Commander had a two hour spot, which was paid for.

WALLACE advised that the Commander's speech had been announced previously, so that it was known that it was to be made. The speech was to be made by the Commander at the same time that a local sporting event was to be given a live telecast, and the Commander was asked to delay his broadcast until at least a portion of the sporting event, or all of it, had been shown, and he is reported to have agreed to this.

WALLACE advised that he thought the sporting event was a tennis match.

The match had progressed about fifteen or twenty minutes, when the station was obliged to cancel the live telecast of the sporting event and put the Commander on the air. This was the result of a number of telephone calls received by the station wanting to know why the Commander was not speaking as scheduled.

Commander ROCKWELL was in the studio at the time, and so went on the air.

WALLACE advised that he was on the air for a period of two hours, and that the first hour was a political speech, for his campaign for Governor of Virginia. The second hour was devoted to his answering questions telephoned in by listeners.

WALLACE said that according to his information the setup was such that the listening audience could hear both ends of the conversation.

157-3
5-5

The speech was said to have been well received, and to the pleasant surprise of all, concerned nearly all of the telephone calls received were of a very favorable nature and a great many persons appeared to be going to vote for him.

WALLACE said that he was advised that there were a few telephone calls from people who were Jewish, and that they did not appear happy at all.

There was a public appeal made for funds to aid in the campaign, and the results of this were not only pleasant, but very surprising. No information was available as to the amount of money that was received.

Commander ROCKWELL now plans to cancel his special newspaper that was to be put out for the Gubernatorial campaign and do most of his campaigning over television.

WALLACE advised that his informant in this was [redacted] and that [redacted] appeared delighted with the results of the entire broadcast.

American Nazi Party, Midwest Headquarters, [redacted]
14 November 1965

At about 3:15 p.m. JOHN WALLACE arrived at [redacted] apartment. He informed [redacted] that the Commander was due in town that afternoon and asked [redacted] to drive him to the airport in the hopes of meeting Commander ROCKWELL's plane. [redacted] asked what time the plane was due in and WALLACE laughingly said it was about 3:30. While [redacted] was dressing WALLACE went to a nearby telephone to call headquarters and ask if there were any definite information regarding the Commander's arrival. [redacted] who was on duty at the Midwest Headquarters, [redacted] advised that as near as he knew the plane was due in about 3:45 p.m.

b6
b7C

[redacted] and JOHN WALLACE made a fast trip to O'Hare field and checked arrival times of planes due in. According to the schedule listed for the line the Commander was reported to be using they had either just missed him or he was not due in for nearly one hour.

WALLACE then telephoned Headquarters and was informed that the Commander had arrived, been met and was then at the Headquarters on Ohio Street.

[redacted] and WALLACE then drove there, arriving shortly after 5:00 p.m.

They found [redacted] in front of the building guarding the Commander's camper truck.

In the building were Commander ROCKWELL, and a [redacted] that had driven the camper to Chicago from Arlington.

b6
b7C

[redacted] KEN FLECK and [redacted]

Also present was a young woman who calls herself [redacted] [redacted] She is young, [redacted] blond, her hair being rather straight and simply set, she stands about 5' 9" or 10" in height, weighs an estimated 130 to 140 pounds, is attractively built, fair complected, with finely featured face. There were no noted identifying marks or scars noted. She appears to have a rather good education,

speaking well, and precisely. She affects a rather worldly attitude towards things, but does not go to the point of being bored by her surroundings or things happening around her. She also has a good sense of humor.

None of the unattached males present made any "play" for her, and she made none for any of them. She was merely a young woman attending a meeting.

The Commander greeted both JOHN WALLACE and [] personally and warmly, and appeared genuinely pleased to see both of them.

[] asked the Commander about the election in Virginia, and was advised that the Commander and those working with him had done as well as they could, and that they had to contend with a complete news and publicity blackout throughout the entire campaign except for the time that the Commander was able to secure on several television stations. [] advised him that under the circumstances he felt that the Commander had done an excellent job, and that he had scored highly with the voting.

b6
b7c

The Commander was passing through Chicago on the way to Duluth where he was to give a talk at a college and then he was going to several other colleges from there. The Lieutenant that had driven the camper in from Arlington was to be met in Chicago by two or three other men also driving in from Arlington and was to go with them to California where he was to establish another Nazi Party Headquarters in or somewhere near Bakersfield.

The commander called Arlington to get some information regarding something and was informed that the man who was to act as his chauffeur on the trip could not meet him because his driver's license had expired. He also was informed that there was some internal problems developing, that appeared to hinge around some of the administrative or clerical work to be done at the headquarters.

He had several comments to make regarding this, and also left word that he was to be contacted immediately by someone who could come to Chicago, meet him and act as his driver. He did not think that it would appear right for him to drive up to a college campus where he was talk acting as his own driver.

He was quite excited and thrilled when he found that the one of the colleges where he was to talk was also going to have as a speaker one of the leading Communists in the United States, GUS HALL. He said that he hoped sincerely that he could publicly debate Mr. HALL and that this had long been one of his wishes.

He received another call, this one apparently from the man who was to be his driver. The man was not, according to the way the Commander spoke, in Arlington at that time. The Commander instructed him to get to Arlington, pick up plane fare and get to Chicago that night in order that they could get a very early start the following morning.

Arrangements were being made for a place where he could park the camper and get some sleep that night. [] advised that he was having someone get in touch with someone who would let him park the camper on their property overnight.

b6
b7C

This call was received and [] advised that he had the direction on how to get to the place where the camper would be parked. He advised that he could go with the Commander, and that arrangements could be made for him to return to Chicago. He asked [] if he would do this and [] agreed to make the trip.

b6
b7C

The Commander then asked about meeting the man who would be coming in from the Arlington Headquarters at the airport. [] pointed to [] and said, "We've got a damned good man right here for that." [] asked if they had any idea as to what time the man from Arlington was due in. They had no idea as to his arrival in Chicago of course, because they had no idea as to when they could him on a plane at Arlington.

[] drove to a service station, got some gas in his car, drove back to Headquarters, waited for the Commander to pull the camper out, and on learning that the camper was out of gas drove back to the service station, got two gallons of gas there, returned to Headquarters, put the two gallons of gas in the camper, and led the Commander to the service station where it was gassed fully, and oil was put in. [] paid for this also which amounted to some eleven - dollars, in full.

WALLACE rode in the camper with the Commander, [] rode with [] so he could direct [] who led the way. They took the Northwest Expressway to Park Ridge, and parked the camper in the yard of [] (Phonetic) who is an attorney and real estate man and who is also sympathetic to the Right Wing in general and the ANP in particular. [] intercepted them about four blocks from [] home and directed them the rest of the way in his own car.

b6
b7C

On returning to Headquarters it was found that the other men coming in from Arlington had developed car trouble just about twenty miles after passing through Indianapolis. [] who was to go with them had stretched out and gone to sleep on the couch.

Several calls were made to Arlington in an attempt to find out when the man coming to meet the Commander would be due, but no one at Arlington had any idea as to what plane he was on.

By this time the only persons in the building were those in residence, [] from Arlington.

Finally at about midnight Chicago time [] called the airline they thought would be used and checked the arrival of planes for that night. There was one flight due in at 1:30 a.m. and the next was about 9:00 a.m.

b6
b7C

Shortly before 1:00 a.m. they received a call from [] in Arlington that he had gotten the man on the plane and that the plane was due to arrive in Chicago at 1:30 a.m.

He and [] then drove to O'Hare Field to meet the flight. The man that was sent up from Arlington was the same one that had donned blackface and stormed into the Senate several months before. He holds the rank of Captain in the Party.

[] saw to it that he had something to eat, and then drove him to the camper. They got lost for several minutes, found their way finally, dropped him off at the camper, the Commander was asleep and the door was left open for the man, and then returned to Chicago. [] dropped [] off at Headquarters and returned home himself to go to work.

It was about 3:00 a.m. when [] left [] at Headquarters.

past two weeks and evidently very few persons in the Party
know their location, itinerary, or definite plans.

Also present were [redacted] and the girl calling

gone home to visit his folks over the Christmas holdiay,

[redacted], sat around a large dining

of letters for [redacted] in an adjoining room in the same
apartment.

The three men discussed the Commander's recent visit to DeKalb,
Illinois, and the very good treatment that they received from
the Police there, and some general discussion about a possible
return visit by the Commander.

At about 8:30 p.m. [] decided that no one else was to return to the building, or to appear for the meeting. He held a rather casual meeting with those present which consisted of explaining to JOHN WALLACE, and [], about some of the pressing utility bills he is presently faced with. These appear to include a telephone bill in the amount of some \$40, or more, also a rather large gas bill, and the monthly payment on the building. He informed them that the Gas Company is going to cut off the gas in two of the apartments in the building unless money is received in the very near future. Each of the four apartments in the building has a separate gas meter, but each of them is in [] name.

b6
b7C

[] also advised that the large space heater placed into the area on the first floor has not been hooked up at the present time. There was some difficulty in getting the plumber over, because of work that the plumber had to do for other customers, and [] advised that the one day the plumber did get over to connect the stove [] had lost the keys to the ground floor section of the building, and the man could not get in to hook up the stove. He advised that he hopes to have it connected and operating in the very near future. As soon as this is done [] is supposed to come to the building and do the finish of the plastering in the area on the ground floor that is to be eventually used as a meeting hall and office.

At about 8:45 p.m. [] and WALLACE got ready to leave the building.

Before they left there was some discussion with [] about a picture that appeared in a very recent issue of Life Magazine. This was in an article where the story "Dantes Inferno," had been written up, and had a series of photos from a movie with it. There is a three page pull-out section attached to this labeled a "Modern Dantes Inferno," consisting of a series of photos placed in no special order, one of these showing three men in uniforms of the A N P on an Anti-Negro picket. [] had been shown this photo before by other local members of the Party and stated that it was a very remarkable resemblance but that he did not think it was him, because he had no memory of such a picket, and no memory of being on a picket with the other man shown in the photo. The man known as [] said that the man believed to be [] was not him, but another man he knew, who did bear a slight resemblance to [] He named

b6
b7C

this man also said that this picket had occurred in Washington, D. C. The name of this other man is not recalled at this time.

[] and WALLACE left at about 9:00 p.m., [] drove WALLACE home, and then returned home himself getting there shortly after 10:00 p.m.

American Nazi Party, Midwest Headquarters, [redacted]
[redacted] Chicago, Illinois

Friday, 19 August 1966

At about 5:00 PM this date, [redacted] left the headquarters with [redacted] the young man known as [redacted] and the young man whose name is not learned at this time.

b6
b7C

This young man appears to be in [redacted] about 6'1" in height, weighs about 170-180 pounds, is slim build, black hair, wears wrap around sunglasses, and according to his conversations has evidently been in some branch of the service. He appears to be acquainted with various ranking members of the Party, including [redacted]

The young man known as [redacted] is about 5'10", weighs about 160 pounds (150 pounds), has dark brown hair, pale complexion, rather pinched face, thin build. One outstanding mark of identification on him is bad teeth. His lower front teeth are overcrowded and protrude somewhat. This is not the condition known as "buck toothed," since it does not become apparent until he talks.

They drove first to Gage Park and then Marquette Park, where Commander GEORGE LINCOLN ROCKWELL is expected to give a speech on Sunday 21 August 1966. Both areas were clear of any congestion. In fact, the group was somewhat surprised to find both areas as empty as they were. They then drove to the Bogan area, and found that also empty of any activity.

From there they drove to the Ford City Shopping Center, located in the Bogan area. At this point they passed out pamphlets announcing the speech of Commander GEORGE LINCOLN ROCKWELL at Marquette Park on Sunday. These pamphlets were placed under windshield wipers of cars parked in the lot, and were passed out to persons passing through the lot.

In some cases people walked up to members of the Party and asked to have the pamphlets handed to them. Some asked for more than one, and one or two cars passing through, pulled over to Party members and the occupants asked for the pamphlets.

The people that were taking them did not throw them away. They read them, folded them up and placed them in their pockets or purses. Both men and women were asking for these.

One of the things that was noticed was that these people were all in their 30's or older. These were not the young teenagers that the Party has been accused of.

This is a reference made by some local persons, claiming that the Party appeals only to persons who were not present during World War II. In fact, in most areas of the recent race disturbances, there has been a large amount of Polish, and German people who have openly asked for the literature that the Party is passing out, and who appear to keep it.

The group left the Ford City parking lot at about 7:30 PM to return to Headquarters at [REDACTED] Chicago.

It was learned today that leaders of the NSRP are attempting or at least attempted to learn the present whereabouts of [redacted] and checked with various NSRP people in Chicago in their efforts to locate [redacted]. The reason they are trying to locate him is that they claim that they have received information that [redacted] has broken with GEORGE LINCOLN ROCKWELL and has left him. Persons in Chicago hearing this story and knowing both [redacted] and GEORGE LINCOLN ROCKWELL and their apparent feeling for each other and the Party completely discount this story as a wild rumor only.

[REDACTED] CHICAGO

TUESDAY 16 MAY 1967

COMMANDER ROCKWELL

[REDACTED] was in communication with a number of persons today regarding the conviction of Commander GEORGE LINCOLN ROCKWELL in a Chicago Court over his arrest in 1966 by the then [REDACTED] of Cook County.

It was learned that he was attempting to raise money for the bond to secure the release of Commander ROCKWELL.

[REDACTED] advised that Commander ROCKWELL had a speaking engagement on the west coast this evening.

b6
b7C

He advised that the Commander was on the way to the west coast at the time. It is somewhat evident from that, that the money for his bond was put up immediately but that they were then soliciting funds in an effort to replace this money from whatever source it had come.

[REDACTED] also advised that the decision would be appealed.

[REDACTED] further stated that the verdict brought in by the Jury appeared to be a complete shock to everybody in the Courtroom connected with the case, including the Prosecutor.

A.N.P.
Report on N.S.W.P.P. Activity

This reporter noticed this morning that the guard had been removed from the room where ROCKWELL's remains had rested. The door was closed as it had been yesterday, obviously [] or some one else removed them to another place during the night. There was a meeting of the party officers this morning, this reporter was not present.

Later on [] had an open meeting where he thanked all present for their loyalty and support, he also said that he was only temporary party head, in the near future a new man would be selected by members to head the party. All of the troopers pledged their loyalty and would stand behind him without question. The meeting broke up, some of the people left at once while others stayed around for the rest of the day. Later this evening this reporter heard [] and [] talking about the party bringing together two hundred or more storm troopers with some arms (other arms are to arrive at the headquarters in the next few weeks) these troops are to be used as support for the police when the Negroes come for their sit in next October. [] also said that he had something planned for his area next Sunday, September 10.

b6
b7C

Around 12 o'clock this evening a sniper was on the property, he set off a fire cracker in the rear of the building, a few minutes later a shot was fired from the woods in front of the building.

[] was on guard on the ground while [] was at the first level roof guard post, both men were armed with army rifles. [] saw the man run across a clear patch of ground, he fired one round at him, [] who had run over to [] grabbed his rifle and fired three or four rounds in the same direction. [] was in position on the roof but did not fire. After the police came and left things got quiet again, [] and [] left for Chicago with [] who flew up with [] earlier. [] was duty officer with [] from one o'clock to six o'clock in the morning. During the night [] came in.

b6

These instructions were followed.

It is not learned definitely what [redacted] and [redacted] discussed, but it appeared that the Arlington Headquarters group is in good financial condition at the present time and that their bills are being paid on arrival.

It is also learned that there are some plans still being considered for Party activities for the little that remains of this summer.

They do not plan any violence at this time, but do plan to do some more counterpicketing of the group led by [redacted] of Milwaukee.

It is now evident that [redacted] has assumed full command of the ANP.

The word in Chicago is that he was selected for this post by Commander ROCKWELL sometime prior to the Commander's death.

August 31, 1967

This reporter noticed this morning that the guard had been removed from the room where ROCKWELL's remains had rested. The door was closed as it had been yesterday, obviously [redacted] or someone else removed them to another place during the night. There was a meeting of the Party officers this morning, this reporter was not present.

Later on [redacted] had an open meeting where he thanked all present for their loyalty and support. He also said that he was only temporary Party head, in the near future a new man would be selected by members to head the Party. All of the troopers pledged their loyalty and would stand behind him without question. The meeting broke up, some of the people left at once while others stayed around for the rest of the day. Later this evening this reporter heard [redacted] and [redacted] talking about the Party bringing together two hundred or more storm troopers with some arms (other arms are to arrive at the Headquarters in the next few weeks). These troops are to be used as support for the police when the Negroes come for their sit in next October. [redacted] also said that he had something planned for his area next Sunday, September 10.

b6
b7C

Around 12:00 this evening, a sniper was on the property, he set off a fire cracker in the rear of the building, a few minutes later a shot was fired from the woods in front of the building.

[redacted] was on guard on the ground while [redacted] was at the first level roof guard post, both men were armed with Army rifles. [redacted] saw the man run across a clear patch of ground. He fired one round at him. [redacted] who had run over to [redacted] grabbed his rifle and fired three or four rounds in the same direction. [redacted] was in position on the roof but did not fire. After the police came and left things got quiet again.

b6
b7C

[redacted] left for Chicago with [redacted] who flew up with [redacted] earlier. [redacted] was duty officer with [redacted] from 1:00 to 6:00 in the morning. During the night [redacted] came in.

It has recently been learned that [redacted] operating out of Spotsylvania has been sending out pamphlets on Nazi items for sale. This ad is very clever and the format used by [redacted] to advertise these items are as they appeared originally in the "Stern Trooper" Magazine. Even the order blank is the same. All of this merchandise was originally stocked in Dallas, and [redacted] of the NSRP, has none of it, and [redacted] stands to make some good money. [redacted] is part of the group of former NSRP members who have broken with [redacted] and are pushing for [redacted] to lead the National Socialist. The people who receive this ad, and are not aware of the changes will think [redacted] is with the "ALP" as most people still call it, and buy.

b6
b7C

As the Spotsylvania Print Shop is turned down, the ad was probably printed elsewhere and financed by someone with good business sense.

It was also learned that a local member of NSRP in Chicago wrote a letter to [redacted] making inquiry about [redacted] and inquiry as to what was being done by all the splinter groups now in the Nazi movement.

Week of 7 - 12 April 1969.

Dissatisfaction is increased between [redacted] and some of the other members of the ANP that could be regarded as old timers and the mem appointed by [redacted] to supervise the Party in the Chicago area. The two men selected by [redacted] and [redacted]

Party members that have been associated with the Party for any period of time express themselves rather strongly about these two men, including their ability to lead, their manhood, and other aspects regarding them, including a suspicion of their actual political leanings and the actual relationship between the two men.

There is some talk of attempting to rest the power of command of the Party in the Chicago area from them.

The National Socialist White People's Party, also known as The American Nazi Party, American Nazis, and The George Lincoln Rockwell Party, was organized on February 26, 1958, at Arlington, Virginia, based upon the concept of an international "National Socialist" movement as espoused by the German Nazi Party headed by Adolf Hitler. The organization supports and follows the line of hatred against Negroes, Jews, and communists through various propaganda media seeking a legitimate dominant political party in the United States and foreign countries.

January 15, 1972
Cicero, Illinois

At approximately 9:00 PM on January 14, 1972, at Central Hall, 2446 South Central, Cicero, Illinois, a meeting of the local branch of the National Socialist White People's Party met. This meeting was open to the public with no admission fees. There were 43 persons attending the meeting.

First to speak was [redacted] of the National Socialist White People's Party. [redacted] spoke on the genocidal policies of the United States Government on integration, forced housing and bussing. He related to the people the mass Jewish support, financially and by leadership, in the government sponsored policies of forced housing and bussing programs. After exposing these policies as a Jewish design to ultimately destroy the white race through mis-segregation, thus creating a "mud race" with no creativity, culture, or greatness as compared to the white man of ancient Greece, Rome, or Egypt. [redacted] referred to the "Washington bureaucrats" as "mixmasters." He also referred to the Presidential candidates as "twidledy and twidledum" because who ever becomes the next President, the same or other Jews will do all of the policy making. He pointed out to the people that something must be done to counteract the "treasonous conditions" of our times. The alternatives he spoke of are to vote out the two party system and to vote in the party which supports the interests of the white race and is not soft on communism. Another alternative mentioned is to enact a resettlement program for blacks back to Africa. He said that most people laugh at the idea of transporting over twenty million blacks back to Africa. [redacted] said that any nation during wartime conditions that can send a million men to fight other white men on behalf of the Jews and communism could certainly send the blacks back to the jungles of Africa where they came from, under peace time conditions. He said it could easily be financed by employing the funds from welfare handouts, foreign aid to communist countries, and monies used to fight black crime. In concluding his speech he said that the Nationalist Socialist White People's Party supports such a program of Boating not Bussing, which is the title of one of their most recent leaflets. At that point he received an unanimous standing ovation.

b6
b7c

[redacted] of the Chicago branch of the National Socialist White People's Party, then took the podium and introduced [redacted] one of the staff members from the National Headquarters in Arlington, Virginia. [redacted] oration was very similar to [redacted] but he stressed for more action on the part of Party supporters rather than idle chatter which other so-called right wing, anti-communist organizations are notorious for.

[redacted] then spoke on the future of the Chicago unit, its goals and its past victories in Marquette Park in 1966. He mentioned an incident that occurred when MARTIN LUTHER KING was the target of a brick throwing youth. KING said that he wanted no part of Cicero. [redacted] then stated that if JESSE JACKSON attempts to organize any activity in the Cicero area he will wish he hadn't. Also, [redacted] mentioned that the Chicago branch would be getting a headquarters as soon as possible. He said that several white power message units will be installed in the near future also. In relating to the Jewish promoters of Aryan genocide, he said that they, the Jews, would be exterminated, before the white man totally submits to the Jewish "mixmasters", and their melting pot philosophy. He said that the traitors of our race and nation will be praying to ADOLF HITLER for mercy if they continue in their treasonous endeavors.

[redacted] - 5'10 1/2" tall, heavy set, accompanied by [redacted] 17 years old.

There were several others who attended our meetings in the past but am unable to identify them at this point.

There was about thirty dollars collected as donations. Another thirty or so dollars in material was sold. At the request of [] no pictures of the front of the audience was permitted. The reasons given were not to upset or make the audience uneasy. At the time of the meeting it was about ten below zero. This was the reason for such a small turnout. Therefore, it can be assumed that those attending are more or less the most interested and probably future activists in one form or another. b6 b7C

Announcer:

The next speaker will be the National Headquarters Staff Member Party Comrade [REDACTED] (clapping).

[REDACTED] Thank you. Tonight, I'd like to speak a little bit about the Party itself. This is one of the rare occasions I have a chance to speak to a room filled full of just national socialists. I think that just everybody here is a supporter in the Party in one way or another and most of you are not new here. So, I'm gonna talk about mainly is the Party itself and, of course, when I talk about the Party, I have to talk about the Commander, cause the Commander is the Party and I don't know, many of you perhaps are not supporters, but I'd like to really bring out tonight is the way the Party is really going to town and what we really, really accomplished in the last year and actually what we are accomplishing right now or what the Commander has accomplished. Actually, about a year and a half ago, after there were some arrangements or changes down at headquarters in Arlington, the Commander really got the Party rolling and the only way you can really tell whether this Party or any party like it is really accomplishing anything is how the enemy to this Party reacts. The organized enemy and the people enemies to this Party, if they sit down and don't care enough about it to do anything, then we're not doing our job right, but yet

b6
b7c

if they get upset and they start to fight us in any way they can, than this means the Commander must be doin' something right and there are a few things I'd like to point out. Perhaps some of you aren't aware of them, but yet I'm sure you've all heard of the Jewish Defense League. This is perhaps one of the most over forms of attack the Party has had and [redacted] (phonetic), who claims to speak for all Jews, is really concerned about this Party. He has millions of dollars in his, in his assets, he has thousands upon thousands of members, but yet he decided that this Party was enough of a threat to actually try and do something about it and many of you might have read one of the most recent things is, he tried to make a march on our headquarters out in Los Angeles. They got together about twelve hundred rejects and scum of society. I wish I had some of those pictures along. Many of you seen some of them in the newspaper and in the bulletin and they tried to march on our headquarters and this really means something, the fact that the Jewish Defense League was concerned enough about us. They weren't concerned about the right winged groups or about anybody else, but they were concerned about this Party enough to organize a massive march on our headquarters.

b6
b7C

Well, of course, it failed, and when it failed, a guy by the name of [] got a little bit upset, he's the [] for the Jewish Defense League, and he tried to do it the hard way, and he tried to assassinate our Los Angeles county [] (phonetic), of course, it didn't work, and now he's sittin' in jail waiting for trial, but this just proves how much they're actually concerned with this Party alone. Another good example, is [] has been really raising the roof recently. I'm sure most of you in this room have got a sample copy of the article [] wrote in the "New York Jewish News," and he was a little upset about the Party. As a matter of fact, he was very upset about it and just to show that, recently one of our people who attended one of [] speeches in D.C., noted that out of a fifty-five minute speech, he devoted twenty-one minutes to this Party and this Party alone. He didn't devote twenty-one minutes to National Socialism, or twenty-one minutes to Anti-Semitism, he devoted twenty-one minutes to the National Socialist White People's Party and [] And I think this really means a lot. This means that the people we're trying to destroy and the organizers knew we were trying to destroy, recognizes us as enough of a threat to try to do something about it. Now goin' on with the

Jewish Defense League, like I say, when they try to use their more nicer methods of writing articles against us and given speeches against us and it doesn't work, they try violence. Like I say, they tried to assassinate [redacted] and they also bombed some innocent parents of one of our people up in New York City who had enough courage to hang a swastika banner outside his dormitory at his college, that's sixty-five percent Jewish. They weren't able to do anything to him, so one morning about three in the morning, they go over and try to bomb his parents' home, which shows just how much courage they really have, but yet, the Jewish Defense League, of course, isn't our, our only enemy, there are many different types of enemies. Recently, many of you have probably heard the United States Army Department of (pause) can't think of the right word right off hand, but the group that is trying to look into other organizations that might be a threat to the United States Government, so they say, originally placed us as number one on their so-called right winged desk. They felt that this Party, and this Party alone within the last year, had accomplished so much that they considered us the major number one threat in the so-called right wing. So this, this

b6
b7C

really means that what we've been doing has really been getting them upset. Another good example is, is the FBI, recently. Rather than goin' around and trying to take care of the hijackers and take care of all these Niggers who are committing crimes, they go around recently and try to intimidate our people, people who are just fighting for their own people, but yet, when, when the National Government, when the Army, and when the national, the world spokesman for the Jews are willing to have an all out attack on this Party, it must mean we're accomplishing something and I'll just go into a few of these things. Within the last year or year and a half, things have really begin to move. Many of you are supporters and subscribers are aware now for the first time in the history of the Party, for the last year, our newspaper has been comin' out monthly. This is one thing that really upset [redacted] He thought we had some big rich supporter some place, when actually, it's just people like yourselves who give a few dollars each month and make this possible, but concerning that the Commander recently just got back from an almost ten-thousand mile long trip to the West Coast, where he spoke to Party units in San Diego, and Los Angeles and Tracy and other northern Californian

b6
b7C

spots. He was in Alabama, North Carolina, Arizona, and this is just to prove a couple of years ago, many of you people who got a bulletin realized we only had a few places. We have a few demonstrations here and a few demonstrations there, but now the Commander is travelling to very obscure places, small towns, towns that most of us have never heard of, where we have organized people, people who have tried to accomplish something and on his recent trip, the Commander had so much he couldn't do it all. He had augh one possibility of a college speech in Texas he had to postpone because he could not do it. He was not able to make a television appearance in New York, which was a very good opportunity, just because he had too much to do and all around the country things are going, and they're going to such a point that the national and world news media is considering the Party a force to be reckoned with and not an item of news worthy coverage. Some just examples over the last year as many of you might have seen the special that CBS had on the Party on their, augh, excuse me, NBC, or was it CBS, well, a national television network had a special on the Party at seven o'clock in the morning; it was almost twenty minutes long. French television came over and did a special on the Party,

which was shown on French television. Russian television came over and did a special on the Party, which was on television. French wire service that goes to forty-six countries of the world, came over and interviewed the Commander and this went out. So, augh, this has nothing to do with the local news media by the way, which the Commander cannot cover all of his opportunities for interviews. So the Commander really got things moving now and just to give you some more examples, this winter alone, that, this past winter, which is usually our, our slack time of the year, we've had more activity than we've ever had in any summer in the history of the Party, usually the winter is when we organize and the summer is when we're active and it was just the opposite this year. This winter we were more active than any summer in the history of the Party. To go on with that, we had pickets in Detroit and Cleveland just last weekend. We've got demonstrations comin' up in D.C. We've had as many demonstrations taken place in five, six cities across the United States at one time and right now to really top it off, the Commander has an invitation from two radio stations to do a weekly radio program. Now, of course, once it gets on the air, that doesn't guarantee how long it's

gonna last when the Jews hear it, but two radio stations are willing to allow the Commander to do a weekly program just like BILLY JAMES HARGUS (phonetic) and [] and all the other phonies do their weeklys. So the Commander is able now on a fifteen-minute basis, one of 'em plays it twice a week and the other plays it once a week, to reach thousands of poeple, that were never reached before and this is solely and entirely due to the fact that the Commander got the Party really movin' in the right direction. So at this time, augh, I would like to introduce to you the Commander of the Party. Thank you (clapping).

b6
b7C

Commander: Good evening fellow white Americans, Party Comrads, What [] has mentioned here is, is of course, a small amount of what the Party has been accomplishing and there is very much more in store in the coming weeks and months. As a matter of fact, there will be some disclosures before too long on a number of things and also before the year is out. There are a number of items that I cannot go into at this time, there, at this point they're somewhat confidential nature, but when the disclosures are made, I think it will interest everybody to no end. Tonight we're going to talk about the nineteen seventy-two

elections and I'm wondering who you are going to be voting for this year. We have, whether it'll be [redacted] (phonetic) or [redacted] (phonetic) or I'm wondering whether perhaps some of you might be voting for that anti-busing southern who ran away with the Florida primary, and placed second in Wisconsin, [redacted] (phonetic) and, of course, [redacted] (phonetic) is not to be counted out of the race, yet despite his coming in last in Wisconsin, nor for that matter should be think that [redacted] (phonetic) will be automatically assured of a place on the, on the Democratic nominations, simply because he did place first in Wisconsin. Only thing, only one thing we know for certain so far and that is that the glamorous New York [redacted] (phonetic) saw the light and bowed out. All of these men that I have just mentioned are the shadowy figures behind the scenes, behind all the election billboards for the various Presidential candidates and for the umpteen consecutive time, we're being treated to the, the old circus, the super-colossal white minstrel show known as the elections. Now these men that I've just mentioned are figures that none of us or virtually none of us ever hear about come election time. These are the mysterious financiers

b6
b7c

and advisors behind the major contenders in the various races. In this case, these particular ones are in both the Republican, behind both the Republican candidate and also the various Democratic candidates. I want to go over that list here once again. [redacted] finances [redacted]

[redacted] HUBERT HUMPHREY's back half. [redacted]

[redacted] is the advisor for GEORGE WALLACE. [redacted]

[redacted] foots the bills for [redacted]

[redacted] is producing and directing GEORGE MC GOVERN, and, of course [redacted] thought he would make it

big with [redacted] but the product just didn't move and so he's out of the running. So do you get the picture here? What we have is just more of the same tweedly dee and tweedly dumb routine.

These are the men who call the shots. They put up the big money that enables these various characters to run in a Presidential race; supposedly the people's choice, but without that support, without that backing and without that crucial advice, they would be nobody, so they would be nowhere. They wouldn't get to first base. These are the names that the people should be hearing about in this election year, because they are the ones who pull the strings, not the candidates themselves, the candidates.

b6
b7c

themselves are merely puppets of this particular system. Lot of people ask us about GEORGE WALLACE. They say, well isn't he certainly the, the, he certainly isn't the worst of the lot, is he? And shouldn't we be backing him, after all we augh don't want to choose the worst candidate that's running? Well, I would have to agree that if the issue was such that we had to choose between the lessor or two of several evils, than I probably would wind up supporting GEORGE WALLACE, and as a matter of fact, if he came right out and was an honest man and he stood up as a white man and wasn't afraid to say yes, I'm gonna put those blacks on those boats headed back for Africa, and yes, I'm gonna bust up the Jewish power structure in this country, and not only mention the bureaucrats in Washington as he does, but actually those people and those types behind the bureaucrats, than I would be wholeheartedly for GEORGE WALLACE and this Party, this movement would support him and give him its backing, but GEORGE WALLACE has never done this. To go back a little bit into the history of this man, GEORGE WALLACE got his start in Alabama politics under [redacted] (phonetic), who was governor after the war, [redacted] and WALLACE started out at that time as a racial liberal. He was

b6
b7c

recognized in the state as such and he remained a racial liberal. As a matter of fact, he couldn't understand some of the, some of the things that occurred under segregation, how they could treat the poor colored folk this way and something ought to be done about it. That was his line back then. Well, then came the year nineteen fifty-eight, and there was a Democratic primary in the State of Alabama. I was there myself at the time working in support of one of the candidates. There were eleven candidates entered in the Democratic primary including GEORGE WALLACE. As it turned out, WALLACE wound up in a runoff against one [redacted] there were the two men; they were the front runners. [redacted] [redacted] had Klan support. He had this hard-core white backing. WALLACE, on the other hand, had the backing not only of organized jury in the state, all these big blue ribbon Jews with the money, the positions, their department store down there, and all the other creeps, but he also had the support of the black-block vote. The black-block vote mind you, the very same block vote that he was condemning ten years later when he ran for President. As it turned out, GEORGE WALLACE with his black-block vote didn't make it. [redacted] with his Klan support.

b6
b7C

did. And at that time, suddenly, miraculously, WALLACE had a change of heart. He uttered those famous words, never again will I be out sagged. In other words, never again would he be beaten by a segregationist candidate. And so he changed his tune. He ran for governor again in nineteen sixty-two. This time his platform had changed. His slogan was segregation yesterday, segregation today, and segregation forever, and even he didn't write those words, but he used this as his campaign slogan and he won. He won, because this is what the white people of Alabama wanted to hear. So now we have the new GEORGE WALLACE, the white man's candidate. The following year, nineteen sixty-three, WALLACE had his first great opportunity to demonstrate to the white people of Alabama, the type of leadership that he was prepared to give. In that year, one [REDACTED] (phonetic), a high yellow Negress, tried to get into the University of Alabama at Tuscaloosa, and WALLACE got up in front of the TV cameras and before all the reporters and announced that he was personally gonna stand in that school house doorway and that he was going to block her entrance and they would have to carry him away. This was the impression that he gave to his constituency, all the people who had put him

b6
b7c

into office, as well as to all the reporters. So came the bright shiny morning, when [redacted] the Negress, arrived on campus, with the Federal Marshals, there was GEORGE WALLACE in the school house door. He was standing in the school house door all right, but as the Marshals came up to him and announced that they were going to arrest him if he continued to stand in the school house door, he backed aside. That was the type of leadership that GEORGE CALLIE (phonetic) WALLACE provided to the people of Alabama, and that is the type of leadership he's been giving them or not been giving them ever since. On the recent trip that [redacted] mentioned, the trip that I took into Alabama, into Huntsville, I spoke with some students from Butler High in Huntsville. We had a whole bunch of the kids into one of our meetings there in Huntsville and afterwards, they wanted to know what could be done at their school. They told me that the playing of Dixie was banned and banned mind you by Federal Court order, not by the school board and not by the principal or anything of the sort, but by a Federal Judge. He had issued a specific Federal Court order banning the playing of Dixie, and not only the playing of Dixie, but the wearing or displaying of the

b6
b7C

Confederate Flag. Mind you an innocuous part of Americana like the Confederate Flag could not be shown at Butler High School. Here again by Federal Court order and what has GEORGE CALLIE WALLACE been doing about this? He ought to have been raising holy hell over a situation over this. I know that anyone of us if we were in that high office, we certainly would raise a big stink. We wouldn't let 'em get away with it. We'd make a, a Federal case out of it. WALLACE hasn't issued or uttered a peep in this case. This is what we have against GEORGE CALLIE WALLACE. He sounds good, in many cases, on the surface, but you look under that wrapping and under that image and what do you find? Do you find anything of substance there, something to really stand up for the white people. We've been retrieved long enough. We've lost one battle right after another in the face of Federal tyranny. We've been backed down, one step at a time, with the schools, with integrated schools. First in one school, in one grade, to a point where all schools, north and south must be completely and totally integrated. We must achieve, we must go out of our way to achieve racial balance. We have Philadelphia plans and Detroit plans and Seattle plans and Chicago plans to place quotas of blacks

in jobs where they aren't qualified and white applicants come into those jobs and the man in the employment office takes their application, looks at it, says that's very nice, we'll call you if we need you, and that's the end of it; although they're much better qualified. Now they're trying to push housing, integrated housing, where they take these spooks and dump them smack dab in the middle of white neighborhoods and the whole thing is a part of a program of genocide. They will not stop until they have utterly integrated as they call it, the American population, in other words, mongrelized it. They will not stop until they have arrived at that point, because that's all of what this is a part of. These aren't isolated issues or anything of the sort, but here again, what do we find GEORGE WALLACE doing? You know the governor of a state has tremendous power, I wish I had it right now. There's all kinds of things that we could do. We have a whole base, a whole spring board to gain national power, properly used and as far as being a raspered (phonetic) and going to jail, as far as the governor doing these things, he would be in an ideal position to do that. If WALLACE were to stand up to the Federal Government down there in Alabama and have NIXON's Marshals

arrest him, he would be such a national hero, every white man worthy of his salt in the country, would, would be forced to support him. He'd sweep this country and people would be demonstrating outside of that jailhouse, there'd be mobs of white people by the hundreds of thousands demonstrating, and they'd turn this country upside down, if this man would stand up. So what would it take? If I had been in WALLACE's shoes, as I say, there are number of possibilities. One of the first things I would have done was to order a public bus burning day; we'd have a ceremonial bus burning as soon as they began to impose busing in the state there in Montgomery on, in front of the state capitol, that old Confederate capitol. We'd have got us a bus and we'd have put it there, and we'd have summon the press, gotten all the news men together with their television cameras and all their note pads and everything, their cameras, and at the right moment, we'd have taken the ceremonial match, and set that bus on fire, and then I would have invited all of the mayors around the, around the, the state to have their own local bus burning celebration, where they'd get themselves a bus and they'd bring it to the courthouse lawn, they'd set it there, and they'd set these buses on fire. There's nothing that the

Federal Government could do because these were buses purchased with state money. You see the possibilities that a governor has? He could re-write the textbooks, to teach white racial history, which would, by itself show the racial inferiority of the blacks. They talk about black racial history, black history, but actually it's pretty pathetic, if, if that's all that I could talk about what they come up with. I wouldn't even mention it, because it's pretty pathetic and we would teach white racial history and the spooks who're in the class they'd be beggin' to be let out of it and all the picketings and all their parents would be demonstrating to have their kids not sent into these integrated schools. They'd be asking for their own separate, separated black school and they would be giving the Federal Government a hard time, but the skies the limit. As a matter of fact, I think the first thing that would have to be done, we'd have to have a special commission that would investigate all the possibilities of throwing a monkey wrench into the, the drive of the Federal Government to push integration. We'd have a whole separate commission working day and night coming up with brainstorms, listening to people from around the state, listening from people around the country, where white men from

around the country could send in their suggestions and boy, we would mess the Federal Government up something terrible. So, I just mention this, to give you some idea of, of the enormous powers that a governor has; the powers that GEORGE WALLACE has. Instead, what do we find GEORGE WALLACE doing? We find him going along with things as they are; acquiescing; not rocking the boat. Recently, a few months ago, when he was up in Pennsylvania, he mentioned something to the effect, that white people had come to accept integration. He was quoted in the press with those very words. Here is a man what is supposed to be the champion of the white race, accepting integration. I can tell you one thing, GEORGE ain't gonna do it. He just ain't gonna do it. If GEORGE WALLACE were to get into the White House tomorrow, we wouldn't see so much as one single black board a boat headed back for Africa. Not one and we wouldn't see old GEORGE there doing anything to destroy the Jewish power structure in this country. How could he, in fact, when he has right there beside him calling the shots. So what's the point, what do we want? Are we satisfied with a black presence in the United States? Isn't that what this fight is all about to remove this impowerable

b6
b7c

black presence? Isn't this the number one issue? And where does GEORGE WALLACE stand on this issue? Four years ago, WALLACE was goin' around saying there wasn't a dime's worth of difference between the two major party candidates. Well, I just beginning to wonder whether there's very much a dime's worth of difference with Mr. WALLACE himself. What's the difference? Still have the blacks, still have integration, we still have the pushing. As long as the blacks are in our midst, they're not gonna go away. They're not gonna accept white man's rule. They're gonna be unhappy and all this talk about sending messages, some sort of messages to the creeps there in Washington, I tell ya, it's gonna take a lot more than sending these innocuous little messages. We're gonna need a real house cleaning one of these days. Not just some dinkey little message. I would say that if messages are to be sent, let's let the candidates themselves and these public officials themselves send the message to the people and here I would say, getting back to what I mentioned originally, people say why don't you choose a lessor or two evils and even granting that GEORGE WALLACE is the lessor of the evils, I would say that nevertheless, we should instead of selecting the lessor of the evils, we should select the worst. Let's choose the worst one.

For example, back in nineteen sixty-eight, I think a lot of white people felt that the worst possible candidate would have been HUBERT HUMPHREY. I think that's the way, a toss up, say between NIXON and HUMPHREY. We'd say well HUMPHREY's augh, I'd pick NIXON before I'd pick HUMPHREY, but do you think that you could have gotten anything worse from old HUBERT HORATIO (phonetic) in the matter of busing, after all, NIXON comes on, out now in election year telling the public, and we're supposed to believe him how much he's opposed to busing. When he was in the position in the first place when the Supreme Court ordered busing to stop it then and there. As the number one man in the country, as Chief Executive, he has more power than kings of old had. All he would have to do, all he would have to do is do what ANDY JACKSON did. ANDREW JACKSON once was confronted with a situation where the Supreme Court made the ruling what he didn't like and he said very simply. The court has made it's decision, now let them enforce it. All NIXON would have had to do, instead of waiting to a election year when he thought he might get some extra votes. All he would have had to do if he was a sincere and honest man was to get on network television as soon as the, the same night, or the very next day,

after which the Supreme Court busing announcement was announced, get on that television network and deliver that message to the American people. Now I think they would get the message. They could thumb their nose at all these petty bureaucrats, they could thumb their nose at all the race mixing officials in Washington, who came around to say, well you have to do it now, it's the law of the land, un nun, I don't think people would have bought that, if they would have had leadership from the top, which Mr. NIXON could've supplied in that case, but what I'm leading up to is that, it would have been better to have had HUBERT HORATIO in office ordering busing because of this fact. A few weeks ago, old HUBERT announced that if he had been elected President instead of WARREN BERGER, having been placed on the Supreme Court as Chief Justice, his nominee would have been none other than [REDACTED] Now can you imagine anything that wouldn't, this would have been the finest thing that could've happened for our side so have this Jew ordering the busing, rather than an abstenable white man. After all, the busing is all the same, whether it comes from a Jew or Gentile, or what have you, but I would rather have my poison administered by an enemy that I can see, rather than

b6
b7C

by someone who poses as friend and as a white man. That's the whole point. That's why I say if we're forced, if we think we have to choose, than let's pick the very rottenist one we can find, because as long as we are content to accept this old tweedly dee - tweedly dumb game of the lessor of two evils, as long as we are content to participate in that unholy ritual where we shuffle off to the ballot box every four years, like a bunch, like a herd of sheep, to some pre-selected candidates, pre-selected by big Jewish money. As long as we're going along with this, we are going to have evil government because no matter who wins, a rotten apple comes up to the top. The real issue is being ignored in this campaign. What is the real issue? We heard the candidates snipping around, now what do the voters like and what do they want to hear, what should we tell, and we can see it in the wake of the Wisconsin primary and got on to a real good issue there of taxation. People, all the folks up there in Milwaukee and Wisconsin are very much upset about taxes. They got some of the worst taxes in the country and it is rotten, it is terrible, and it should be smashed. The level of property taxes is such that it's virtually reducing the people to paupers, property owners, and so it is something that should be dealt with, but all of these

Jet-set candidates, who go around, they've noticed, now Mr. WALLACE has not come to just hit on something, well we've gotta get some of that vote away from him. So suddenly, they're all hot on this tax issue. Now all of a sudden all of these people want to be popular and they want to be with the people. Well, after all, shouldn't they've been with the people all along, the, the supposed public servants? Instead, they've been way up there in their smoke-filled rooms and their little clicks and everything like that and with their Jews and limousine liberal friends and everything like that and they've been divorced from the people. They haven't had any contact with them, but all of a sudden, they see where the votes are and so suddenly they have a change of heart. Like HITLER points out in "Mein Kampf", there's a beautiful section in the first chapter of the second volume of "Mein Kampf," where HITLER describes the German politicians, and it is in no essential way different than our American politician today. Where he goes around, a man without principle, but he goes around determining first of all what the people want, or what he thinks they want, and then he tailor-makes a program to it, rather than standing on principle, when you're wrong, with those rather, and standing for this program and this policy, come hell

or high water. No we don't have politicians like that. So they're talking about taxes, about which something should be done. They're talking about busing, there again, something ought to be done about this criminal insanity and they're talking about crime and they're talking about making more jobs, they're talking about high prices, they're talking about one thing in another, they're talking about the bureaucracy in Washington, they're talking about drugs, things like this, and all of these are legitimate issues, they're all legitimate problems, they're all problems that have to be dealt with and resolved, but they're not going to be resolved at the ballot box this year. They can't be, because, in the first place, these people are just making so many words, they don't feel it in their hearts and they are not willing to go all the way, not even on one of these smaller issues to stake their whole future on the success or failure of doing something about the vary problems that they say are so pressing. All of these problems that I have just mentioned are not individual isolated problems. They're problems that are part of a greater whole and you cannot understand what's happening today unless you understand this overall picture. All of these issues, everyone that I have mentioned, even the social problems, like crime and drugs, things

like that or the economic issues like prices or taxation. All of these problems are racial problems. When you boil 'em down, they are racial problems. They are problems that effect our race, just as much as busing does, just as much as integration does, just as much as augh integrated housing, all of these things are they are, these problems are part of an overall attack on the white race, on the white man of this country. What is happening today? What you see in the headlines of your newspapers cannot be understood unless you understand it as one great big attack on the white man. That's what's taking place in America today. From every conceivable angle; from the direct angle, from attack on his racial integrity through integration, where his, his very racial existence is, is called into question. Heck, the next thing you'll know there'll probably be ruling these nine old swine in Washington and the Supreme Court will probably ruling that it is unconstitutional to be white and that will be the law of the land. Then what are we gonna do? Bow down and accept this? The one big issue is the racial issue. The issue of our time is the survival and existence of the white race. That is the only real worthwhile issue. The only issue really worth considering, when everything

is boiled down and all of this that I mentioned, is, is simply a part of it. What the race mixes have planned is as I have already stated, nothing but one result. All they want is genocide for the white race. They don't talk about it. They use fancy euphemisms like integration and desegregation things of this sort, but what they want, but what they seek, is genocidal in its implications and this whole thing has been prompted and promoted in the first place by organized jury. It's, here again it's impossible to understand that's happening unless you understand the role that organized jury has played and is playing in promoting race mixing and in promoting all this racial adjutation. The money that has been put out for so-called black rights, has come from such sources as the [redacted] (phonetic) [redacted] (phonetic), the, who are some of the others (pause) augh, the [redacted] Then you have, of course, you have the Ford Foundation, which abstenibly is a Gentile outfit, but if we take a closer look at the Ford Foundation, who do we find administering the money? One [redacted] (phonetic), and [redacted] again is not some kind of Eskimo. He's the one who's been bank rolling RALPH ABERNATHY. I believe RALPH ABERNATHY's been monking around here in Chicago from time to time. He's been bank rolling the SCLC, the

b6
b7c

Southern, the so-called Southern augh Christian Leadership Conference of the late MARTIN LUTHER KOOK. He's bank rolled augh some of these various neighborhood youth gangs, the, what augh the Young Lords or some of these groups that you have on the black, the Blackstone Rangers or groups like that, that's

[redacted] The blacks by themselves aren't very bright and by themselves, they would never have launched all of this thing. They're too stupid by themselves. They're too complacent. It was only at the instigation of the Jews that they have really been causing all the serious trouble that they have in this country. It took Jewish brains, and let's face it, the Jews do have some brains. They have provide^{b6} the brains in many cases for these black organizations. ^{b7C} The NAACP for example. The last three presidents, including the present one, [redacted] (phonetic), the Boston millionaire [redacted] have been Jews. Before [redacted] it was the [redacted] (phonetic)

[redacted] From its inception, the NAACP has been run by Jews. The same in CORE. Up to fairly recently, it was headed by a Jew by the name of [redacted] And the Legal Council, the legal brains for the Civil Rights movement and for black education. Ninety percent of it approximately has come from Jews.

Ninety percent of the so-called Civil Rights lawyers, have been Jewish. These men in the Justice Department who have been augh digging up the obscure walls and presidence which they use as a rascal to force busing and to force integration in schools has come from these bright Jewish boys that you don't see on the Supreme Court itself, but back in the little offices down the corridor. The networks, the communications media, which have a tremendous power at their disposal to mold public opinion is monopolized by Jews. Hollywood is strictly kosher. All the big producers there are Jewish. Your three major television networks and with this enormous power they have consistently made the white man the villain, the scape goat. They have lionized the Negro and told how great and wonderful he is and everything like this. They've, they've endeavored to make white people ashamed that they are white. They've done all these things and the, the entire assault that we see on a white race today could not have occurred except for what the Jewish community in the United States has done and the only way we're gonna change things is through a revolution. This patchwork of electing tweedly dee in one election or tweedly dumb in another election, just won't do the job. What's the point in calling off the dogs, say on

busing if we've gonna postpone the thing say for five years and give the, or four years, and give the liberals a chance to recoup and to gain a little public acceptance in the meantime and they realize, of course, it's gonna cost too much up set now and people just won't accept it, so may be we should postpone and hold off on things a little bit and may be, you know, people will forget their opposition to it and too many people are willing to accept this. They're prepared to accept the easing up on busing or the easing up say on public housing or easing up on these special job quota plans, things of this sort. But we need a lot more than that. I say the system which dominates this country is determined to promote the destruction of the white race. So let's let them come on out with it, the whole works, all at once, bring on the whole thing, the whole shabang, rather than to try in win a little concession here and there. After all, this is a white country and we aught augh ah be running it and these things simply aughtent to be, period. And if they just pass through the situation augh where if they have this huge integration program, where they're planning to mongrelize the white race, say over a hundred-year period and they're gonna give us a small dose every five or ten years. They're gonna give us a little bit now and we'll accept that, then they'll go for the next step and we'll accept

that, then they'll move on with a little bit more, and when we've been forced to accept that and we have accepted it, and they feel we're ready for the next dose of integration, then we get that and they move right on over an extended period of time. Well, if instead of having this entire race mixing program occur over the space of say a century, suppose that this whole programing is compressed into ten or twenty years. What is going to happen? Well, you're going to have one thing, is like a spring in a box, you are compressing, they realize that they are going against the will of a people. That they if, if they announced their full plans, there'd be an explosion tomorrow. People would just rise up in arms and they just wouldn't put up with it. So they obviously can't come on out with it all. So what they're augh, if they can somehow compress this whole program into say the next ten or fifteen years, then there is the possibility of a mighty explosion. You see the possibilities? There's a much greater possibility of of us getting rid of the whole program once and for all, but if the thing is dragged out, year after year and decade after decade on and on and on. The possibilities of a popular uprising decreased. So when we see them comin' on out with their whole program and when we see them

speeding up their schedule, we ought to give three cheers, because that is going to play right into the white man's hands in this country and augh this is one, one of the things I think they are speeding up their program and at this point let's let 'em go full force, let's not try to slow 'em down on busing, let's let 'em go full augh, let's let 'em go all the way, let's let 'em bring it on augh, the whole works, and then we have as I say, we have a much greater possibility of doing something about it. But if we're gonna be content to go into an election, a rigged election and be content to get a few concessions on busing, and may be they'll only bus in certain special instances. They won't even do away with all busing in racial cases. If we're gonna accept that, then we are signing our death warrants. Now today we are, I say what we need is nothing short of a revolution. Now today we are living in pre-revolutionary times. The revolution isn't here yet. It's gonna take a little while yet, it's gonna take a few more years, we're moving toward that period where people want to make this fundamental change, but in travelling around the country, I've noticed especially in recent months during the past year the mood of the people. It's changing all the time. The natives are getting restless. Every little bit is setting them a little bit more on edge. Busing

was a great thing, and if they keep pushing a little bit more, this country is going to be right, but at the same time, people aren't completely ready to do what has to be done, to make a fundamental change. So that's why I'm saying we're living in pre-revolutionary times. People are still content enough to sit at home when they should be at a meeting. For example, tonight. I'm sure that we should have at least three and four kinds of (inaudible) from the invitations we sent out and yet for one reason or another, there have been people who are content to sit at home using the excuse perhaps that it was a little bit rainy or their favorite television program was on or they had some social engagement or their wife wouldn't like it or they might jeopardize themselves at work or, a hundred and one other excuses and that's all they are is excuses, but until people are willing to put aside their excuses and not only agree with you and sympathize with you, but do something about it, even come to a meeting, until such time, you can't make a revolution. But as I say, we're moving toward that point little by little and it's gonna take a little bit of time. If we look back, say five years or ten years, those of you who can recall back say ten years. If you'll think about the mood of the country back then and the attitude of the white man, it wasn't what

it is today. Today the white man is almost sophisticated in racial matters compared to what he was back a decade ago and the mood of the change, people have become racially conscientious like they never were before. Not in one section of the country, but everywhere. It's universal today and within the next five and ten years, there are going to be such enormous augh changes that we won't even recognize things anymore and the people are going to gradually become more and more conditioned, but as I say, they're not ready for the big change right now and so this issue, this racial issue cannot possibly be resolved in nineteen seventy-two during this election year. Going to the poles and casting the ballot for one of these tweedly dumb candidates will not affect the fundamental issue. It will not improve the situation of the white man one bit. So, what can we do in nineteen seventy-two? Well, first of all I've mentioned we have no choice. We have no real white man's choice. Even the so-called best of them, GEORGE WALLACE, won't even come out and say yes I'm a white man, I'm proud to be a white man, I don't care if I get a single Nigger vote or anything like that, but I do want the votes of the white people. You don't hear 'em saying something like that. So there is no real choice. The whole thing is a farce. It's a swindle.

It's a red deal, so why bother with it. Why play their silly little game, because however it turns out, whether NIXON wins, whether HUMPHREY wins, whether MC GOVERN wins whether GEORGE WALLACE wins, none of the really fundamental issues will be changed and if we really want to send the system a message, I would say the best way you can send a message is to use WALLACE's favorite express is to register to vote and then not vote. Become a statistic. Every year, every election, there is a growing number of disgusted white voters on the roles who simply don't bother to go and they become a statistic of the growing disaffection of people with the whole rotten system. This is the most meaningful way you can vote. I would say that until there are national socialist candidates running for office or at least reasonable white man's candidates, there is, it is absolutely pointless to bother to go to the poles. If a man won't get up in public and say he's a white man and proud to be white, there's no point in voting for him if he doesn't have the courage to do that because if he doesn't have the guts to make that simple profession once he gets in the in office there and you're looking to him to look out for white racial interests, you're gonna be sorely disappointed. If he won't do it when he's running for office, you can bet your boots that he's not gonna do

it once he's in office, when he's subjected to all the pressures of the system. The future of our race simply will not and cannot be resolved in nineteen seventy-two. Now that doesn't mean that we should fold up our tents and go away and wait for the revolution some bright shiny morning or anything of the sort. We've got a lot of work to do in the meantime and what we have to do is build up a revolutionary movement to lay the ground work for it. To build a skeleton, the framework for this revolutionary movement and only a revolutionary movement, not a reactionary one, is gonna save this country and our rights. At this point in history, it's too late to try and save the thing, to save a park or something augh, like the conservatives do and like the right wing does. The only way out is a revolution and what we have to do is hold out a revolutionary alternative for people. We have to stand up in the face of every adversity for our principle and for our principles to show 'em, to show people that we are really honest, that we are sincere, that we are not hypocrites like the other politicians and that we are going to do what we say we're going to do once we get into office and this is a slow and painful process, but this is the only way you make a real revolution. If you want augh play the wore out political game of expediency, compromise, and

opportunism, then you can go the usual political route, wheeling and dealing, like the DALY machine and like the system in the country generally, but if you want to make a revolutionary movement, you're got to hold up that standard so that people can repair to it when they're looking for the strong medicine. One thing that I can assure you, people's attitude, people's attitudes are going to change, as I mentioned, they've already changed during the past ten years and they're gonna change profoundly during the next five and ten years, believe me, and people are not going to be satisfied with the same old nonsense, the same old augh watered-down formulas of a GEORGE WALLACE or something of that sort. They're gonna want the whole truth and nothing but the truth and they're gonna be looking for some answers and what we have to do is to build a movement which in turn replaces the present WALLACE movement, because let's face it, most of the white people who look toward WALLACE now are good people and they're people that we are going to have to win over in the years to come. They're our people and when they realize that they've been sold out and even the so-called best of the best of the bunch have sold them out, and they want to ship those Niggers back, they're gonna know where it's at and we are going to build up a movement that can replace the WALLACE movement. We

can do it because WALLACE is gonna fold up one of these days whether it's this year or next year or four years from now, whenever it is, he's gonna fold up because conditions and events will out run Mr. WALLACE. The people will be looking for the revolutionary medicine. So this is what we've got to work toward and the only alternative can be provided by national socialism. National socialism is basically the idea of the white man. It's the white man's philosophy. Our whole idea, to sum it up, is based on race, on white racial interest, on racial idealism, on looking out for our racial brothers and sisters and being concerned about their welfare. It is what national socialism is all about. It's as simple as that. It's the white man's philosophy in the same sense that the Zionism is the philosophy of the Jew. It's the essence of the Jewish will to power and in this same sense, national socialism is the essence of the white man's will to power. So in this year, nineteen seventy-two, the one big over-riding issue is that of race, and racial survival, racial existence. None of the candidates can or are willing to do anything about it, so there's no point in considering any of them. Instead, we've got to look toward the future to building up this movement, which can save the country in time to come when people will be looking for the leadership that

will be required. As I say, augh not only will people be looking toward us, but conditions are going to be going from bad to worse, but what we see today is only a foretaste of what's coming. We're on that downhill slope and we're gonna continue to go downhill, but remember this, everytime an atrocity is committed against some white person by some black and everytime a white man loses his job to make room for some unqualified black, and everytime a white man's kid is beaten in some integrated jungle, and everytime some Nigger (no sound), the same is it will not continue to exist simply because we are in the majority. Sure, there are more of us than there are of them, but it will not exist simply because of that, because if that were all it took, a simple majority, we'd have this country back in our hands today. Instead, what do we find, we find the augh blacks, a minority, the Jews, a minority, calling the shots. The fact is that world history is made by minorities when that minority of number embodies a majority of will and determination. Not the numbers as such that counts, but it's the majority of will and determination that decides the issue. And I can assure you that in this movement, the national socialist movement, there is embodied the majority of will and determination for the white race to survive and because of this, because this is

embodied in the national socialist movement, nothing can prevent our victory. It may be postponed a little while, it may not come this year or the next year or the year after that, but it's coming. And we are headed for a period when there's gonna be a real white man's victory in this country. Because we have this will and determination, nothing can stop us and we are going to win. White Power.

REPORT

FOURTH ANNUAL NORTH AMERICAN CONGRESS of the
NATIONAL SOCIALIST WHITE PEOPLE'S PARTY and the
WORLD UNION OF NATIONAL SOCIALISTS

2 and 3 September 1972

The Congress took place at the Holliday Inn in Alexandria, Virginia. The first session began at about 10:30 A.M on 2 September 1972.

b6
b7C

The Congress was officially opened by [redacted] who was recently discharged from the Armed Forces. He now has the position of [redacted] and the rank of [redacted] read the regulations to be observed by all delegates attending the Congress and then introduced the leader of the National Socialist White People's Party and the World Union of National Socialists, [redacted]. [redacted] then welcomed the delegates to the Congress and began by going over the history of the movement since Democracy's victory over anti-communist, pro-White National Socialist Germany in 1945. [redacted] referred to the strength of the Party not by numbers but by the quality of those who have joined in the struggle to free the White majority ^{from} the Jewish-Communist disease and the Black plague that now threatens the White man's very existence. In essence, [redacted] determines the strength of the Party upon the quality of his men rather than the numbers. [redacted] said the purpose of the Congress was for those attending to leave with a renewed dedication, renewed fervor, and renewed enthusiasm to carry on the struggle against the enemies of the White people and the Nation. He concluded his welcoming speech by the official inner-Party greeting, "Heil Hitler!" The delegates returned the greeting.

Next on the agenda was the local reports. First was the report by [redacted] from the El Monte, California Unit. [redacted] spoke on the various activities that took place under his leadership since the Congress of 1971. He specifically mentioned the January 30th rally in front of the El Monte headquarters where a confrontation with the Jewish Defense League resulted netting him with nation wide publicity. He showed a film of the confrontation which lasted nearly one half hour. A sound track of the City Council meeting when certain individuals who were concerned about the presence of the National Socialist White People's Party in El Monte and wanted to remove them from the area, was played along with the film. Also on the sound track was news commentary of the incident.

b6
b7C

The next report was from [redacted] from the Chicago Unit. [redacted] mentioned that their unit has recently acquired a "White Power" bus which will be used to bring the word of the NSWPP to the White masses of Chicago. He also mentioned that the Chicago unit has participated in numerous literature distributions and newspaper distributions in the greater Chicago area. He said that the White people of Chicago are becoming more aware of the problems facing the White communities and said that he saw hopes for great success in the Chicago area.

b6
b7C

[redacted] then commented that the Chicago area is the key to the Midwest; that Chicago is to the NSWPP as Berlin and the Rhineland was to the National Socialist struggle in Germany. He urged all Units in the surrounding areas to help build a strong Chicago unit. This, of course, would include [redacted] unit in Michigan and [redacted] in Cleveland, Ohio.

At this time the film that [redacted] was to show was being made ready. To fill the vacuum, [redacted] spoke on the need for more activism and less excuses. After [redacted] talk, [redacted] film was shown as mentioned earlier.

The next report was given by the Canadian delegate. He mentioned that Canada has recently become very fertile grounds for future Party growth. He mentioned that Canada has allowed into the country 15,000 Asians to help out their mother country, England. By letting 15,000 coloreds into the country will increase the already high unemployment situation, thus helping the White people become more aware of the need for White unity and solidarity.

[redacted] of the Michigan unit in Detroit was next to give his report. This report followed the noon recess. He mentioned that they have had great successes in Detroit and nearby communities. His unit has participated in numerous literature distributions, distributions and sales of the Party's newspaper "White Power", and have had several rallies. The Detroit unit attended the Cleveland rally held earlier this summer and the Cleveland unit has attended a rally sponsored by the Detroit Unit. He mentioned that one of his men was arrested on a weapons charge I believe but was given a suspended sentence because of his excellent service record in Viet Nam.

b6
b7C

Next to speak on local activities was [redacted] from the Philadelphia Unit. He said that sixteen of his troopers were attending the Congress and still more were on the way. During Sunday evening session, [redacted] received a medal or certificate of merit for having the largest attendance from any local unit.

page three

[redacted] mentioned that they recently had a confrontation with the Jewish Defense League at their local HQ. He said that more than seven hundred White people from the neighborhood drove the JDL out. His report stated that he has affectively been recruiting in the high schools and that one of his youth movement members recently held a boycott of classes in which more than sixty percent of the whites participated. His efforts in the high schools were so successful that the Superintendant sent him a letter stating that he was "violating the basic rights of school children and the entire school community." [redacted] said that the boycott would have been 100 % but the police there are very rough and intimidate and harass the kids. He said that there has been many race riots in the high schools and that the Black crime rate is very high in Philadelphia. He also mentioned that there is only 14% of the school body which is White, however, at the end of the year the Whites were running the school more or less and they ruled it under the open name of the Party.

b6
b7c

The next report was from the organizer in the New Jersey area [redacted]. He has been recruiting White prisoners into the Party and says he has been very successfull.

b6
b7c

[redacted] then gave a local report from the National Headquarters. He mentioned the recent expansion of the entire second floor of the building. He noted the recent activity in Florida at the Republican National Convention, called Operation Beachhead.

The next speaker was not really an activity report of any local unit, but more of an expose of the decline of the Wallace movement. [redacted] who claims to have been with the Party in one way or another since 1958, said for the most part that the Wallace movement is dead [redacted] served on the Wallace Campaign Committee in 1968 and became very dissatisfied. He says that the door is now open for the National Socialists to step in and take over where the Wallace movement left off. This of course is one of the Party's goals and was elaborated upon by the Commader in his State of the Party Address.

[redacted] then gave his report on the World Union of National Socialists. He read reports that were sent to the Party specifically for the Congress. One such

He also read reports from Sweden, Spain, Denmark, Argentina, Brazil, and Chile. [] talked in more detail on the recent growth and revival of the Ustashi in Croatia, part of Yugoslavia. The Croatians from around the world especially in Australia, America and Canada have been giving the Ustashi much support to fight the Tito regime.

[] then gave his report on the State of the Party. He went over some of the highlights of activities the Party has been engaged in recently. He mentioned the trip he made with the newly acquired school bus through seven states. The next event that he mentioned was the recurring weekly radio broadcasts on KDNA in St. Louis. He said that this was the first time in the history of the Party that the Party was able to broadcast a fifteen minute program once a week. He then mentioned the addition to the National headquarters. [] elaborated on the Operation Beachhead for nearly one half hour, referring to it as a fantastic victory for the NSWPP. Operation Beach head as mentioned earlier was the activity at the Republican National Convention, which netted the Party nation wide publicity and brought dozens of new supporters to the movement. He said that after the convention demonstration they went to Biscayne, Florida at the President's home and held a picket. [] delivered a letter destined for the President asking him to ~~have~~ publicly denounce his anti-White policies and un-American activities or have the common decency to withdraw from the candidacy for the highest office in the land. On another subject, now [] says that the Party has engaged the ACLU in a court battle against the Arlington school board for refusing to allow them to hold the Party Congress at one of the schools. [] went over briefly the progress of each unit and the various rallies held by the National Headquarters.

[] then outlined the problems and goals of the Party in the future. He stressed the need for increased sales and subscriptions of the Party's newspaper, "White Power!" He then mentioned that the Party will by attempting to get a "network" of radio broadcasts to be heard regularly. The Party is also in the final steps of producing a three record album of Commander Lincoln Rockwell's speeches and debates. The Party is expanding the variety of items available through NS Publications. It is planning more organized rallies for the following year. He says that in a couple of years the Party plans to purchase outright the entire building.

b6
b7C

b6
b7C

[redacted] continued his report by saying that in the past the Party has confined its activities to publicity making and spreading the idea of National Socialism to the White people. In the following years, the Party plans to run candidates openly under the name of the N.S.W.P.P. These elections will be mainly for less important offices in the government on a local basis. The main reason for this new tactic is to gain the experience and the other reason is for publicity. The Commander then went into some detail about how he plans or would like to see the Party take over the defunct Wallace movement within the next eight years. He reassured the delegates that a National Socialist victory is evident and he then gave the official inner-Party greeting, "Heil Hitler!"

[redacted] then introduced [redacted] who arrived late from Baltimore, to give his local report. [redacted] stated that he and his unit has distributed tens of thousands of leaflets in the Baltimore, Md. vicinity. His unit has participated in nearly all of the activities sponsored by the National Headquarters. His unit has attended the rallies of other local units when the need for his manpower was necessary. He stated the ~~the~~ newly acquired headquarters in Baltimore was purchased outright and that no one will be able to take it.

[redacted] then closed the afternoon session of the Congress until 7:00PM that evening.

The evening session of the Congress began with the "Propaganda and Organization" workshop. [redacted] from Peoria, Illinois spoke on the various types of propaganda available for activists to use. Another individual spoke on organizing in the High Schools, ~~and~~ and colleges.

[redacted] then gave a talk on the "Special Mission of the Party". It was merely an incentive speech for those to increase their activism. The next session of the Congress began at 10:00 A.M. Sunday morning. It was an assembly in the conference room for members only. [redacted] At the same time there was an ST Assembly in front of the headquarters.; This assembly was merely to get the ST squared away and to arrange for transportation of the troops to the Jefferson Memorial where the march originated.

The troops were transported to the memorial and from there they march to the ellipse directly behind the White House. The rally began by [redacted] introducing [redacted] from the El Monte, California headquarters. Rather than to go into any great depths on the content of [redacted] speech, I will give an outline of the speakers in which they appeared. After [redacted] speech [redacted] then spoke on the basic beliefs and goals of the Party. Next to speak was [redacted] who went into the history of the great White civilizations such as the Greeks, Romans, Egyptians, Macedonians, and European. He spoke of the downfall of most of these empires by relating them to the ~~Roman~~ miscegenation of the races.

[redacted] then introduced the Commander of the NSWPP, [redacted] [redacted] spoke on the political scene in the United States and read the letter that was mentioned earlier in this report ~~which~~ which he directed to Richard Nixon. [redacted] then introduced [redacted] from the Philadelphia Unit. [redacted] spoke on White Power now, not in the future, By telling the audience about his experience in Philadelphia where seven hundred Whites drove the JDL out of the neighborhood when they attempted to have a confrontation with the area headquarters. [redacted] then concluded the rally and the troops marched back to their autos. [redacted] from the Chicago unit called cadence.

Present at the Congress were [redacted]

Also present was [redacted] from New Jersey.

The Sunday evening session of the Congress began by [redacted]

[redacted] from New York showing a slide presentation of the National Socialist historical markers in East and West Germany. One such slide showed a huge building under construction by the National Socialists. It took the National Socialists in Germany seven years to build the building to the way it stands now, still incomplete. [redacted] commented by saying that National Socialist Germany had accomplished more in seven years than the Democracy has in twenty-seven years. He received a unanimous applause. Such commentary was through out the presentation.

Following the slide presentation [redacted] gave his final address at the Congress. He referred to the delegates not as social elites or economical elite or even an intellectual elite, but a spiritual elite. He said that some of us won't be on the National Socialist "band wagon" in the future. He urged all of the delegates to put the National Socialist cause as the number one priority in their life; To make greater sacrifices for the movement. He quoted Commander Lincoln Rockwell by referring to his book White Power. Commander Rockwell wrote that he knew he would not see the day of victory for the movement but he would not die before he made that victory possible. [redacted] then said "it is now up to us and called again for greater sacrifices. He said that the White people need spiritual values. He said that "cowardice has replaced courage; weakness has replaced will and determination; faithlessness and disloyalty has replaced steadfastness and loyalty; egotism has replaced idealism. Courage, will, determination, steadfastness, idealism, loyalty and fists is what our people need. And these are the qualities that our Movement must provide!" He said that above all the Party must provide the people with faith.
